RESOLUTION #04-03-03
Support for Native American Research Centers for Health

WHEREAS, the Northwest Portland Area Indian Health Board (NPAIHB), a tribal organization under P.L. 93-638 that represents forty-three Federally-recognized Indian tribes in Oregon, Washington and Idaho on health related issues, and

WHEREAS, the Northwest Portland Area Indian Health Board is dedicated to assisting and promoting the health needs and concerns of Indian people, and

WHEREAS, the primary goal of the NPAIHB is to improve the health and quality of life of its member tribes, and

WHEREAS, in furtherance of this goal in 1997, NPAIHB established the Northwest Tribal Epidemiology Center (The EpiCenter) in an effort to improve the quality of American Indian and Alaska Native epidemiology data, and

WHEREAS, the Northwest Tribal Epidemiology Center has gained national recognition for developing and implementing many useful and innovative projects to improve the health and quality of life of Northwest tribes and has served as a national model for other IHS Areas to emulate in establishing their EpiCenter programs, and

WHEREAS, the efforts of the EpiCenter is currently supported through funding provided by the National Institute of General Medical Sciences (NIGMS) of the National Institutes of Health (NIH) and the Agency for Healthcare Research and Quality (AHRQ) through an initiative entitled Native American Research Centers for Health (NARCH), and

WHEREAS, the NIH and AHRQ have announced a third round of funding to support NARCH centers in order to continue to develop partnerships between American Indian tribes and tribally based organizations for the purposes of conducting intensive academic-level biomedical, behavioral, and health services research, and

WHEREAS, the goals of this funding initiative are consistent with the goals and objectives of both the Northwest Portland Area Indian Health Board and the EpiCenter, and

WHEREAS, the NARCH advisory group has given input as to health areas in which research is needed that is specifically relevant to tribal communities.

THEREFORE BE IT RESOLVED, that the NPAIHB endorses and support an effort by staff of the *EpiCenter*, under the guidance of the Executive Director and with the assistance of other NPAIHB staff, to apply for a grant from the National Institutes of Health to continue funding for the NARCH program.
