

DEPARTMENT OF HEALTH & HUMAN SERVICES

Public Health Service

PORTLAND AREA
INDIAN HEALTH SERVICE
1220 SW 3rd AVENUE, Room 476
PORTLAND, OREGON 97204

Dear Tribal Chairs, Health Directors, and NPAIHB Delegates:

Enclosed is the draft Fiscal Year 2009 Indian Health Service (IHS) User Population numbers for the Portland Area Tribes. The draft numbers show a slight increase from the previous year (see attachment 2). Congratulations to all of you who worked so diligently to ensure that the health workload accomplished in the Portland Area Indian health programs is accurately reflected in the user population figures.

User population numbers are the result of a collaborative effort by the Division of Program Statistics in the Office of Public Health Support at IHS Headquarters, the Portland Area Statistical Officer, the National Patient Information Reporting System (NPIRS)/National Data Warehouse (NDW) and communication with the Tribes to reconcile and validate data. Release of the final numbers follows Area review and consultation with Portland Area Tribes. These numbers were produced according to the established statistical concept of user population that has been used in prior years. i.e. an unduplicated count by residence of Indian registrants who have had a direct, contract inpatient/outpatient or dental encounter with your health system during the last three years.

Because of the short turn around time for verifying and returning the report back to Headquarters the Portland Area Office has until December 16, 2009 to submit in the appropriate format, supporting documentation to IHS Headquarters in order for adjustments to be made to these numbers. If you do not think the user number reflected for your Tribe is correct, you will need to provide the Area office with the required workload data in the appropriate format in order for the Area to advocate with the Division of Program Statistics for an adjustment. Information on the required data and formatting has been sent to Tribes on several occasions. However, if you need to have this resent or need special assistance please contact Terry Dean, Special Assistant to the Area Director, at (503) 326-7270 or terry.dean@ihs.gov.

All data must be at the Area Office no later than 4:00 p.m. on December 10, 2009 in order to be considered for an adjustment.

Sincerely,

Dean Seyler
Acting Director
