

RPMS Electronic Dental Record (EDR) HL7 Interface

Version 1.0 Release Announcement

February 2010

The Indian Health Service Office of Information Technology and the Division of Oral Health announce the following application release:

- RPMS Electronic Dental Record (EDR) HL7 Interface v1.0 (BADE, BEE RPMS Namespace)

A release notice from the IHS Office of Information Technology has been sent to all RPMS site managers, and site managers are advised to notify users once the application has been installed. Complete details of the modifications included in this release are included in the official release notice.

Thank you to our beta test sites, Sonoma County Indian Health (Santa Rosa), K'ima:w Medical Center-Hoopa Valley Tribe, and the Warm Springs Health and Wellness Center for their assistance with this release.

Overview of Application

The RPMS EDR HL7 Interface consists of two (2) namespaces BADE and BEE and an Ensemble production external to RPMS that communicates and shares data with RPMS and the Dentrix Enterprise software via HL7 messages.

NOTE: This software should not be installed until the facility has been provided a date for EDR implementation from the IHS EDR Implementation Team. The IHS EDR Implementation Team will provide installation/configuration assistance for this software.

Additional Information

For more information about the RPMS EDR Implementation Project please visit the DOH EDR website: <http://www.doh.ihs.gov/EDR/index.cfm?fuseaction=sample.documents>

For user support please contact the RPMS help desk at RPMSHelp@ihs.gov or call (888) 830-7280.
