

Subject: Future of Public Health Award 2012 - Free Onsite QI Training: Performance Improvement Managers Network
From: Rachel Ford, NPAIHB

A message from Margie Beaudry to all members of Performance Improvement Managers Network on phConnect!

The Public Health Foundation (PHF) is launching a national award program to promote use of quality improvement (QI) to influence positive outcomes in Winnable Battles. The Future of Public Health Award (FPHA) is a unique opportunity for state, tribal, local, and territorial health departments to receive onsite technical assistance to build capacity in QI and advance programs to improve outcomes in Winnable Battles. For details and application materials, please visit:
