

The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for fiscal year (FY) 2014 Tribal Behavioral Health (Short Title: Native Connections) grants. The purpose of this program is to prevent and reduce suicidal behavior and substance abuse and promote mental health among American Indian/Alaska Native young people up to and including age 24.

This program will help grantees reduce the impact of substance abuse, mental illness, and trauma on AI/AN communities through a public health approach. In addition, this grant will allow AI/AN communities to support youth and young adults as they transition into adulthood by facilitating collaboration among agencies.
