

Subject: OVW DV Homicide Prevention Demonstration Initiative

New grant opportunity available please forward to anyone who may be interested in applying

Eligible entities are Units of local government and Indian Tribal Governments. Here's a brief description

OVW has initiated the Domestic Violence Homicide Prevention Demonstrative Initiative (DI) to implement domestic violence homicide reduction and prevention models and evaluate how well they work in different communities as well as the key components of successful adaptations of the models. In addition, the DI will help build the capacity of state, local and tribal jurisdictions to improve identification of and services for high risk victims while better monitoring high-risk offenders to reduce domestic violence related homicide. It is OVW's hope that the DI will also identify barriers to providing quality assistance and advocacy and document and disseminate solutions for replication.
