\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

To: Idaho Delegates, Oregon Delegates, Washington Delegates, Tribal Chairs and Tribal Health Directors

Greetings! The NPAIHB - Funding Opportunity is provided on the basis that when there is pertinent announcements that we are made aware of, received and researched for as part of our commitment to the health and well-being of our tribal members it is posted here for you. Every Friday, new posts will be available (unless there is nothing "New" **Funding Opportunity Information (is provided in this color code).**

If you have a specific targeted goal, or urgent community needs and find yourself not knowing where to start looking our assistance is available anytime, and we would be very excited to assist you. Also, at the end of this announcement there are several funding organizations that do not have deadlines and do accept proposals all year round. Thank you for your time, please do not hesitate to contact me:

Tara Fox, Grant Specialist

Nursing Workforce Diversity Grants - DHHS/HRSA

DEADLINE: Oct 31, 2016

AMOUNT: \$12,500,000 X 28 awards

DESCRIPTION: The NWD program increases nursing education opportunities for individuals from disadvantaged backgrounds, including racial and ethnic minorities that are underrepresented among registered nurses by using social determinants to guide the selection of evidence-based approaches that have been successful in retaining students from disadvantaged backgrounds in schools of nursing.

Reducing Health Disparities Among Minority and Underserved Children (R01)

DEADLINE: October 5, 2016

AMOUNT: \$500,000.00 x 5 years

DESCRIPTION: This initiative is designed to stimulate research that targets the reduction of health disparities among children. For purposes of this initiative, "health disparities" applies to children who have limited access to resources and privileges that impact their health. As such, this initiative includes a focus on ethnic and racial minority children and

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ *Weekly Funding Opportunities Report* ~ \$\$\$

Friday, August 12, 2016

populations of underserved children to include: children from low literacy, rural and low-income populations, geographically isolated children, hearing and visually impaired children, physically or mentally disabled children, children of migrant workers, children from immigrant and refugee families, and language minority children. The NIH defines children as individuals 0-21 years of age. The primary purpose of this initiative, therefore, is to encourage intervention studies targeting one of the aforementioned groups. Rather than a singular approach, interventions using a multilevel approach (individual, health system, community, societal) are encouraged. In addition, basic studies designed to further delineate mechanisms/pathways of disparities that lead to the development of interventions are also encouraged. Specific targeted areas of research include biobehavioral studies that incorporate multiple factors that influence child health disparities such as biological (e.g., genetics, cellular, organ systems), lifestyle factors, environmental (physical and family environments) social (e.g. peers), economic, institutional, and cultural and family influences; studies that target the specific health promotion needs of children with a known illness and/or disability; and studies that test and evaluate the comparative effectiveness of health promotion interventions conducted in traditional and nontraditional settings. Strategic Plans on Reducing Health Disparities are located at:

The Health of Sexual and Gender Minority (SGM) Populations (R01) - DHHS/NIH

DEADLINE: October 05, 2016

AMOUNT: \$500,000 x 5 years

DESCRIPTION: The National Institutes of Health (NIH) is committed to supporting research that will increase scientific understanding of the health status of diverse population groups and thereby improve the effectiveness of health interventions and services for individuals within those groups. Priority is placed on understudied populations with distinctive health risk profiles. This funding opportunity announcement (FOA) focuses on sexual and gender minority (SGM) populations, including lesbian, gay, bisexual, transgender, and intersex populations. Basic, social, behavioral, clinical, and services research relevant to the missions of the sponsoring Institutes and Centers may be proposed.

Comprehensive High-Impact HIV Prevention Projects for Young Men of Color Who Have Sex with Men and Young Transgender Persons of Color – DHHS/CDC- NCHHSTP

DEADLINE: Sep 14, 2016 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$10,000,000 X 30 awards

DESCRIPTION: The Centers for Disease Control and Prevention announces the availability of fiscal year 2016 funds for a cooperative agreement program for community-based organizations (CBOs) to develop and implement High-Impact Human Immunodeficiency Virus (HIV) Prevention Programs in the following two categories: Category A: HIV prevention services for high risk Young Men of Color Who Have Sex with Men and their partners regardless of age, gender, and race/ethnicity. Category B: HIV prevention services for high risk Young Transgender Persons of color and their partners regardless of age, gender, and race ethnicity. Community-based organizations are uniquely positioned to complement and extend the reach of HIV prevention efforts implemented by state and local health departments and education agencies to support the optimization of services across public, private, and other community-based organizations to achieve objectives of increased identification of HIV infection, referral for pre-exposure prophylaxis (PrEP) and non-occupational post-exposure prophylaxis (nPEP) services, earlier entry to HIV care, and increased consistency of care. The High-Impact HIV Prevention Program model for HIV-positive and high-risk HIV-negative persons will consist of the following required program components: (1) formalized collaborations; (2) program promotion, outreach, and recruitment; (3) targeted HIV testing; (4) HIV prevention for HIV-positive persons; (5) HIV prevention for high-risk HIV-negative persons; (6) condom distribution; and (7) HIV and organizational planning. The purpose of this program is to implement comprehensive HIV prevention programs to reduce morbidity, mortality, and related health disparities. In accordance with the National HIV/AIDS Strategy (<http://www.whitehouse.gov/sites/default/files/uploads/NHAS.pdf>) and CDCs High-Impact HIV Prevention (HIP) approach (<http://www.cdc.gov/hiv/strategy/hihp/index.htm>), this FOA focuses on HIV in the nation by reducing new infections, increasing access to care, and promoting health equity. These goals will be achieved by enhancing community-based organizations; capacities to increase HIV testing, link HIV-positive persons to HIV medical care, increase referrals to Partner Services (PS), provide prevention and essential support services for HIV-positive persons and high-risk persons with unknown/negative serostatus, and increase program monitoring and accountability. Standard performance measures for HIV prevention programs that are consistent with the focus of the National HIV/AIDS Strategy on improving performance and accountability are included in this FOA.

HEALTH POLICY & ADMINISTRATION GRANT PROGRAM

DEADLINE: Midnight, December 31, 2016

AMOUNT: 1-2 research grant awards of up to \$15,000 are available to Section members to assist with a 1-year research study that investigates a question or questions of importance to health policy or clinical administration. Grants may be renewable (no-cost extension) for up to 1 year.

DESCRIPTION: The purpose of the Section Health Policy and Administration Grant Program is to stimulate, encourage and support research activities that enhance the body of knowledge related to health policy, clinical administration, global health, and the use of technology in physical therapy. The grants provide funding to assist new physical therapist investigators, or established investigators who are embarking on a new research agenda in these areas of physical therapist practice, leadership, administration, or education. Through this grant program, the Section hopes to encourage the development of proposals that will seek financial support from external agencies.

The Gerber Foundation

DEADLINE: DECEMBER 1, 2016 (CONCEPT PAPERS)

AMOUNT: Grants of up to \$350,000 will be awarded for research focused on issues faced by care providers that, when implemented, will improve the health, nutrition, and/or developmental outcomes for infants and young children.

DESCRIPTION: The Gerber Foundation is accepting concept papers for health and/or nutrition-related research projects having a significant impact on issues facing infants and young children from birth to three years of age. Projects may include etiologic mechanisms of disease; new, improved, or less invasive diagnostic procedures; reduction or elimination of side effects; alleviation of symptoms; new, improved or less invasive therapies, care, or treatments; dosage or dosing requirements or mechanisms for drugs, nutrient supplementation, or other therapeutic measures (under or overdosing); and preventative measures.

Priority is given to projects offering a substantial promise of meaningful advances in prevention and treatment of diseases and those with broad applicability to the general population on a regional or national level.

Organizations recognized as tax exempt under Section 501(c) (3) of the Internal Revenue Code are eligible to apply. In addition, organizations must be determined not to be private foundations under Internal Revenue Code Section 509.

2016 - SEPTEMBER

Health Promotion Among Racial and Ethnic Minority Males (R01)

DEADLINE: Sep 7, 2016

AMOUNT: SEE AMOUNT

DESCRIPTION: This initiative seeks applications from applicants that propose to stimulate and expand research in the health of minority men. Specifically, this initiative is intended to: 1) enhance our understanding of the numerous factors (e.g., sociodemographic, community, societal, personal) influencing the health promoting behaviors of racial and ethnic minority males and their subpopulations across the life cycle, and 2) encourage applications focusing on the development and testing of culturally and linguistically appropriate health-promoting interventions designed to reduce health disparities among racially and ethnically diverse males and their subpopulations age 21 and older.

COMMUNITY

FY 2016 Countering Violent Extremism Grants - Department of Homeland Security - FEMA

DEADLINE: Sep 06, 2016

AMOUNT: \$20,000

DESCRIPTION: The Department of Homeland Security Fiscal Year 2016 CVE Grant Program addresses the evolving landscape of international and domestic terrorism. Foreign terrorist organizations continue to encourage travel to conflict zones outside the United States. However, they are also increasingly encouraging individuals to commit violence wherever they happen to be in the name of their cause. Additionally, domestic organizations that span the ideological spectrum are recruiting and influencing individuals to engage in violence to advance their causes. Foreign terrorist organizations and domestic terrorists are increasingly using social media and other on-line tools to recruit and inspire individuals to action. The FY 2016 CVE Grant Program supports programs, projects and activities that prevent recruitment or radicalization to violence by interrupting those efforts, building community-level resilience to them, and identifying the early signs of radicalization to violence and providing appropriate interventions through civic organizations, law enforcement or other entities. Community resilience in the CVE context means those communities where violent extremists routinely meet disinterest and opposition, recruitment attempts routinely fail, and communities know what tools and support are available to assist individuals that may be on a path towards violence. The Homeland Security Act of 2002 instructs the Secretary of Homeland Security to "prevent terrorist attacks in the United States." DHS has made CVE a key element of its strategic vision: the 2014 Quadrennial Homeland Security Review reflected the importance of CVE by identifying CVE as a "Priority Area of Emphasis" within DHS's Mission 1: Prevent Terrorism and Enhance Security. Furthermore, Goal 1.1 of the FY 2014-2018 DHS Strategic

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

Plan identifies CVE as one of four strategies to prevent terrorist attacks. Program Objectives The FY2016 CVE Grant Program seeks to develop new efforts and expand existing efforts at the community level to counter violent extremist recruitment and radicalization to violence by funding activities that enhance the resilience of communities being targeted by violent extremists for recruitment, provide alternatives to individuals who have started down a road to violent extremism, and that create or amplify alternative messages to terrorist/violent extremist recruitment and radicalization efforts. In addition, the CVE Grant Program seeks to develop and support efforts by U.S.-based entities that are broadly countering violent extremists' on-line recruitment efforts aimed at U.S.-based individuals. DHS seeks to support innovative and cost effective programs, projects, and activities which establishes or uses existing effectiveness measures. Awardees will collect data on their chosen performance measures so that evaluations of the program can be conducted, either by the organization or independently. Additionally, DHS will assess funded projects for promising practices and make them available in a replicable form for other communities or sectors. DHS is seeking to fund activities in geographically diverse communities across the country and see awards made to multiple different eligible applicant types. Program Priorities The FY 2016 CVE Grant Program has five focus areas for eligible activities that current research (See Appendix A) has shown is likely to be the most effective in countering violent extremism:- Developing resilience;- Training and engaging with community members;- Managing intervention activities; - Challenging the narrative; and - Building capacity of community-level non-profit organizations active in CVE."

Finish Line Youth Foundation Invites Applications for Youth Athletic Programs and Camps

DEADLINE: Jul. 1 - Sept. 30

AMOUNT: Grants of up to \$5,000 will be awarded to nonprofit organizations for community-based athletic programs and camps that teach active lifestyle and team-building skills. Preference will be given to organizations that provide opportunities for participation for children and young adults age 18 and under and whose activities provide direct services to individuals with tangible results.

DESCRIPTION: The Finish Line Youth Foundation, the charitable arm of athletic products retailer Finish Line, provides funding to support youth athletic programs and sports-based camps, especially those serving disadvantaged children and those with special needs.

2016-OCTOBER

Detecting and Preventing Suicide Behavior, Ideation and Self-Harm in Youth in Contact with the Juvenile Justice System (R01) –DHHS/NIH

DEADLINE: October 5, 2016

AMOUNT: \$500,000

DESCRIPTION: This initiative supports research to test the effectiveness of combined strategies to both detect and intervene to reduce the risk of suicide behavior, suicide ideation, and non-suicidal self-harm (NSSI) by youth in contact with the juvenile justice system. Opportunities for detection and prevention start at early points of contact (e.g., police interaction, the intake interview) and continue through many juvenile justice settings (e.g., pre-trial detention, juvenile or family court activities, court disposition, placement and on-going care in either residential or multiple community settings.) This FOA invites intervention strategies that are designed to be delivered in typical service settings using typically available personnel and resources, to enhance the implementation of interventions that prove effective, enhance their future uptake in diverse settings, and thereby reduce risk of suicide and self-harm in this population.

WEBSITE: <http://www.grants.gov/web/grants/view-opportunity.html?oppld=284224>

Factors Underlying Differences in Female and Male Presentation for Dental, Oral, and Craniofacial Diseases and Conditions (R01) – DHHS/NIH

DEADLINE: October 5, 2016

AMOUNT: See instructions

DESCRIPTION: The purpose of this funding opportunity announcement (FOA) is to encourage research on mechanisms underlying the manifestations of sex-based differences in Dental, Oral, and Craniofacial (DOC)-related diseases and conditions. Specifically, this initiative encourages studies aimed at understanding immune reactivity, genetic variation, environmental triggers, aging, and hormonal changes as they affect sex-based differences in DOC-related diseases and conditions including, but not limited to, Sjgrens Syndrome (SS), orofacial pain, temporomandibular joint (TMJ) disorder (TMD), salivary gland tumors, and human papillomavirus (HPV)-associated oropharyngeal cancers.

WILD ONE LORRIE OTTO SEEDS FOR EDUCATION GRANT PROGRAM

DEADLINE: Grant applications due October 15th.

AMOUNT: Cash grants under \$500 are available for plants and seeds, and in-kind donations from Nursery Partners can help stretch these dollars.

DESCRIPTION: Would you like to Attract songbirds and butterflies to your schoolyard with wildflowers and native grasses. Add opportunities for hands-on science in biology, ecology and earth science. Reduce energy consumption and improve storm water management; enhance sustainability and green-school certification. Teachers and students across the US

Friday, August 12, 2016

are expanding learning opportunities by enhancing their schoolyards with butterfly gardens, nature trails, prairies, woodland wildflower preserves, and similar projects. These projects enrich the learning environment and provide aesthetic and environmental benefits.

By planning, establishing and maintaining such projects, students learn valuable life skills – including patience and teamwork. They can engage parents and the wider community in a project they can point to with pride for years to come.

WEBSITE: <http://www.wildones.org/seeds-for-education/sfe/>

The Role of Health Policy and Health Insurance in Improving Access to and Performance of Cancer Prevention, Early Detection, and Treatment Services

DEADLINE: Application Deadline: April 1 and October 15

AMOUNT: This RFA will use the Research Scholar Grant mechanism budget instructions.*

*See the Research Scholar Grants Policies and Instructions for a detailed description of the Society’s priority focus on health equity research in the Cancer Control and Prevention Research Grants Program and budget instructions.

Award Period

Direct Cost Cap Per Year	Indirect Cost Cap Per Year
Less than 4 years \$200,000	20%
4 years \$165,000	20%
5 years \$200,000	20%

DESCRIPTION: A call for research that evaluates the impact of the many changes now occurring in the healthcare system with a particular focus on cancer prevention, control, and treatment. Efforts focusing on improving access to care may also impact inequities that contribute to health disparities. New health public policy initiatives such as the new federal and state marketplaces that have expanded insurance coverage, as well as Medicaid expansion in some states, create natural experiments ripe for evaluation. Research to be funded by this RFA should focus on the changes in national, state, and/or local policy and the response to these changes by healthcare systems, insurers, payers, communities, practices, and patients.

A clear understanding of these changes can help clinicians, health systems, public health and public policy professionals, patient and consumer advocates and providers to identify and guide needed improvements in cancer prevention and control and health care and health more broadly. Findings from this research may also inform advocacy and policy development by the American Cancer Society Cancer Action Network (ASC CAN) in the context of meaningful health care reform by assessing outcomes related to the structure of the health system on availability, administrative simplicity, adequacy, and affordability of coverage, referred to as the 4 A’s, which make up the Society and ACS CAN’s framework for reform.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

We are keenly interested in supporting rapid learning research to study the effects of health policy changes on patients, providers, and health systems. This includes but is not limited to:

- Facilitators and barriers to care;
- Unintended consequences;
- Differential experiences and outcomes of patients seeking or receiving care;
- Best practice models for quality care; and,
- Economic Impact

Specific examples of potential research areas that may be applicable include the following, organized by the 4 A's of meaningful healthcare reform:

1. Availability

- Investigate factors impacting equity in cancer prevention, diagnostic, treatment, and survivorship services across populations based on availability of health insurance coverage, type of coverage, affordability, and health care setting.
- Compare and contrast access and outcomes by state to provide new knowledge pertaining to how insurance coverage or lack of coverage (including lack of expanded Medicaid coverage) impacts cancer screening, diagnostic, treatment, or palliative care services.
- Evaluate the impact of expanding health insurance coverage for previously uninsured or underinsured persons.

2. Affordability

- Compare and contrast variations in health insurance benefit packages (including services, Rx formularies, and cost-sharing) on health care costs and the resulting impact on cancer prevention, diagnosis, treatment, and palliative and support care services.
- Examine how tobacco rating is impacting the affordability of and access to insurance coverage.
- Compare and contrast changes in health risk pool distribution and their impact on health care costs, health insurance enrollment and access pre- and post-implementation of the Affordable Care Act of 2010.
- Test methods to improve the efficiency of health insurance coverage and utilization.
- Compare and contrast models for improving high quality patient-centered care such as Patient Centered Medical Homes, Accountable Care Organizations, and patient and provider incentives to encourage guideline-concordant care.

Friday, August 12, 2016

3. Adequacy

- Compare and contrast the implementation of health insurance marketplaces to assess their impact to access to needed services and choice of providers, and on the adoption and completion of cancer screening, diagnostic, treatment, and palliative and supportive care services.
- Compare and contrast the transparency of key information (e.g., network providers, formularies, etc.) and the extent to which this information is provided in a consumer-friendly manner.

4. Administrative simplicity

- Assess the effectiveness of strategies to educate consumers about healthcare benefits and their impact on the adoption and completion of cancer screening, diagnostics and treatment services.
- Conduct dissemination and implementation research of evidence-based strategies supporting patients in overcoming administrative barriers related to health insurance to facilitate the adoption and completion of cancer screening, diagnostic, treatment or palliative and supportive care services.

Acceptable study designs: We encourage investigators to submit innovative proposals using an array of study designs which may include interventional or non-interventional research such as case control studies, cohort studies, clinical trials, comparative effectiveness research, dissemination and implementation research, cross-sectional studies, ecological, or mixed methods research. For example:

- Mixed-method studies utilizing secondary analysis and original data collection.
- Conduct primary data collection in the form of surveys, key informant interviews, focus groups or other methods to capture patient level experiences and their perceived solutions.
- Make creative use of primary and secondary data sources (such as CMS data) to capture both demographic and outcome data, establish robust data bases, and create registries or methods for data standardization across large data sources

The Donald Samull Classroom Herb Garden Grant

DEADLINE: Application deadline for 2016-17 academic year: October 1, 2016 with awards announced December 1, 2016.

AMOUNT: The Herb Society of America will select ten (10) schools/classrooms to receive \$200 "Seed Money" to establish an herb garden (indoor or outdoor). The funds may be used for supplies such as soil, plant trays, containers, child or youth sized tools, etc. The school may need to seek additional funding and support from other sources. The Herb

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~\$\$\$

Friday, August 12, 2016

Society of America will provide the educational materials and herb seeds.

DESCRIPTION: The Herb Society of America, as a recipient of a bequest from the estate of Donald Samull, has established herb garden grants for teachers in grades 3 through 6. Mr. Samull was an elementary school teacher who used his love of herbs in the classroom with his 3rd-6th grade students. These grants will ensure that his tradition of using herbs with students will continue for years to come.

Public and/or private 3rd through 6th grade teachers, with classes of a minimum of 15 students may apply for an herb garden grant.

The Herb Society of America will select ten (10) schools/classrooms to receive \$200 "Seed Money" to establish an herb garden (indoor or outdoor). The funds may be used for supplies such as soil, plant trays, containers, child or youth sized tools, etc. The school may need to seek additional funding and support from other sources. The Herb Society of America will provide the educational materials and herb seeds.

2016 -NOVEMBER

FAHS-BECK FUND FOR RESEARCH AND EXPERIMENTATION -A Fund Established with The New York Community Trust: FACULTY/POST-DOCTORAL RESEARCH GRANT PROGRAM

DEADLINE: The Fund observes two funding cycles annually. The deadlines are 5 p.m. Eastern Time April 1 and November 1, unless the deadline falls on a weekend, in which case the deadline will be the following Monday at 5 p.m. Applications must be received (not postmarked) by the deadline.

AMOUNT & DESCRIPTION: Grants of up to \$20,000 are available to help support the research of faculty members or post-doctoral researchers affiliated with non-profit human service organizations in the United States and Canada. Areas of interest to the Fund are: studies to develop, refine, evaluate, or disseminate innovative interventions designed to prevent or ameliorate major social, psychological, behavioral or public health problems affecting children, adults, couples, families, or communities, or studies that have the potential for adding significantly to knowledge about such problems. The research for which funding is requested must focus on the United States and/or Canada or on a comparison between the United States and/or Canada and one or more other countries.

Rural Policy Analysis Program -HRSA

DEADLINE: 07/12/2016 to 11/14/2016

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

AMOUNT: N/A

DESCRIPTION: This funding opportunity announcement solicits applications for the Rural Policy Analysis Program. The purpose of this program is to support research and analysis of key policy issues affecting rural communities that informs policy makers. The program is national in scope and looks at cross-cutting rural health and human services issues in order to identify trends and challenges. Funded projects should focus on the changing rural environment and products should achieve the following: facilitate public dialogue on key rural policy issues by tracking emerging rural health and human services policy issues and quickly synthesizing them in a manner that provides for easy consumption by rural community leaders, with particular emphasis on rural health care providers and systems; identify opportunities for integrating health and human services in rural policy, program, and evaluation in a local community context; identify opportunities to demonstrate broad community impact of policies and programs in rural health and human services, consistent with policy goals related to rural revitalization and sustainability of rural regions; and provide timely analysis of policies and regulations that helps optimize positive impacts on rural health systems and communities in the form of policy briefs, reports, and oral presentations. These activities should educate and inform rural decision makers and policy leaders, including the National Advisory Committee on Rural Health and Human Services (NACRHHS) and organizations focused on improving health and human services in rural communities, such as State Offices of Rural Health, State Rural Health Associations.

WEBSITE: <http://www.hrsa.gov/ruralhealth/programopportunities/fundingopportunities/default.aspx?id=6d41f599-9e7b-4b75-9773-664b7bcde2e0>

NIOSH Centers of Excellence for Total Worker Health® (U19)

DEADLINE: November 30, 2016

AMOUNT: The maximum amount (total cost) for each application is \$1.3 million for the first 12-month project period. For 5 years.

DESCRIPTION: The purpose of this Funding Opportunity Announcement (FOA) is to provide funding for Centers of Excellence for Total Worker Health®. Support of this program will further advance an emerging field of science and practice and address the needs of the 21st century workforce by means of research, intervention, and outreach activities.

Using Music to Teach Mathematics Grants –National Council of Teachers of Mathematics

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

DEADLINE: The application packet must be postmarked by November 4, 2016 . Faxed copies will not be accepted. Duplicate applications will not be considered. Lack of an applicant's signature will automatically disqualify the proposal.

AMOUNT: For 2017-18, grants with a maximum of \$3,000 each will be awarded to persons currently teaching mathematics in grades Pre-K-2 level.

DESCRIPTION: The purpose of this grant is to incorporate music into the elementary school classroom to help young students learn mathematics. This award is for individual classroom teachers* or small groups of teachers collaborating in one grade or across grade levels. Any acquisition of equipment must support the proposed plan but not be the primary focus of the grant. Proposals must address the following: the combining of mathematics and music; the plan for improving students' learning of mathematics; and the anticipated impact on students' achievement. (*The definition of a classroom teacher is an individual who spends half or more of his/her work time teaching in the classroom.)
The applicant must be a current (on or before October 14, 2016) Full Individual or E-Member of NCTM or teach in a school with a current (on or before October 14, 2016) NCTM PreK-8 school membership and currently teach mathematics or collaborate with teachers of mathematics in grades PreK-2. Activities are to be completed between June 1, 2017, and May 31, 2018. Past recipients of this grant are ineligible to reapply. No person(s) may receive more than one award administered by the Mathematics Education Trust in the same academic year.

DEADLINE:

Informational Web Conferences:

Lessons Learned from a Year of Evidence for Action Grant Reviews

February 18, 2016 from 1:30-2:30 p.m. ET (10:30-11:30 a.m. PT)

Registration is required.

Archived Web Conferences

Informational Web Conferences were scheduled for June 3, 2015 and July 22, 2015
Recordings for both events are now available.

June 3, 2015 web conference recording available here.

July 22, 2015 web conference recording available here.

Timing: **Since applications are accepted on a rolling basis**, there is no deadline for submission. Generally, applicants can expect to be notified within 6-8 weeks of their LOI submission. Applicants invited to the full proposal stage will have 2 months to submit their proposal once they receive notification. Full proposal funding decisions will generally be made within 6-8 weeks of the submission deadline.

AMOUNT: Approximately \$2.2 million will be awarded annually. We expect to fund between five and 12 grants each year for periods of up to 30 months. We anticipate that this funding opportunity will remain open for at least a period of three years; however, decisions about modifications to the program and the duration of the program will be made by RWJF at its sole discretion.

DESCRIPTION: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health is a national program of RWJF that supports the Foundation's commitment to building a Culture of Health in the United States. The program aims to provide individuals, organizations, communities, policymakers, and researchers with the empirical evidence needed to address the key determinants of health encompassed in the Culture of Health Action Framework. In addition, Evidence for Action will also support efforts to assess outcomes and set priorities for action. It will do this by encouraging and supporting creative, rigorous research on the impact of innovative programs, policies and partnerships on health and well-being, and on novel approaches to measuring health determinants and outcomes.

Changes in Health Care Financing and Organization: Small Grants

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

DEADLINE: Grants are awarded on a rolling basis; proposals may be submitted at any time.

AMOUNT: This solicitation is for small grants of \$100,000 or less.

DESCRIPTION: Changes in Health Care Financing and Organization (HCFO) supports research, policy analysis and evaluation projects that provide policy leaders timely information on health care policy, financing and organization issues. Supported projects include:

examining significant issues and interventions related to health care financing and organization and their effects on health care costs, quality and access; and

exploring or testing major new ways to finance and organize health care that have the potential to improve access to more affordable and higher quality health services.

Eligibility and Selection Criteria

Researchers, as well as practitioners and public and private policy-makers working with researchers, are eligible to submit proposals through their organizations. Projects may be initiated from within many disciplines, including health services research, economics, sociology, political science, public policy, public health, public administration, law and business administration. RWJF encourages proposals from organizations on behalf of researchers who are just beginning their careers, who can serve either individually as principal investigators or as part of a project team comprising researchers or other collaborators with more experience. Only organizations and government entities are eligible to receive funding under this program.

Preference will be given to applicants that are either public entities or nonprofit organizations that are tax-exempt under Section 501(c) (3) of the Internal Revenue Code and are not private foundations as defined under Section 509(a).

Complete selection criteria can be found in the Call for Proposals.

The National Children's Alliance

Deadline: <http://www.nationalchildrensalliance.org/>

Amount: See website

Description: The National Children's Alliance has a Request for proposals to help support the development of CACs and Multidisciplinary Teams. NACA encourages all tribal communities to apply. They can offer FREE technical support to help you with your application.

➤ **Common Wealth Fund**

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

The Commonwealth Fund encourages and accepts unsolicited requests on an ongoing basis. The Fund strongly prefers grant applicants to submit letters of inquiry using the online application form. Applicants who choose to submit letters of inquiry by regular mail or fax should provide the information outlined in a two- to three-page document.

They fund:

- **Delivery System Innovation and Improvement**
- **Health Reform Policy**

➤ **Health System Performance Assessment and Tracking**

<http://www.commonwealthfund.org/Grants-and-Programs/Letter-of-Inquiry.aspx>

➤ **Kaboom! Invites Grant Applications to Open Previously Unavailable Playgrounds**

Deadline: KaBOOM! is inviting grant applications from communities anywhere in the United States working to establish joint use agreements to re-open playground and recreational facilities previously unavailable due to safety and upkeep concerns. (No specific deadline.)

Amount: Let's Play Land Use grants of \$15,000 and \$30,000 will support creation of joint-use agreements between local governments and school districts that address cost concerns related to safety, vandalism, maintenance, and liability issues to re-open previously unavailable playgrounds and recreational facilities.

The \$15,000 grants will support the opening of at least four playgrounds in cities with populations of less than 100,000 people. The \$30,000 grants will support the opening of at least eight playgrounds in larger communities.

Description: Grants can be used for training and technical assistance, utilities and other building related to the extra use of the facility, legal fees, contract security

services, and marketing campaigns related to the joint-use agreement. Grant recipients must commit to opening the playgrounds within twelve months of the grant decision.

Complete grant application guidelines are available on the KaBOOM! website:

http://kaboom.org/about_kaboom/programs/grants?utm_source=direct&utm_medium=surl

➤ **Meyer Memorial Trust**

Deadline: Monthly (Except January, April and August)

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~ \$\$\$

Friday, August 12, 2016

Amount: Range generally from \$40,001 to \$300,000 with grant periods from one to two (and occasionally three) years.

Description: Responsive Grants are awarded for a wide array of activities in the areas of human services, health, affordable housing, community development, conservation and environment, public affairs, arts and culture and education. There are two stages of consideration before Responsive Grants are awarded. Initial Inquires are accepted at any time through MMT's online grants application. Applicants that pass initial approval are invited to submit full proposals. The full two-step proposal investigation usually takes five to seven months. <http://www.mmt.org/program/responsive-grants>

➤ **Kellogg Foundation Invites Applications for Programs that Engage Youth and Communities in Learning Opportunities**

Deadline: No Deadline

Amount: No Amount Specified

Description: The W.K. Kellogg Foundation is accepting applications from nonprofit organizations working to promote new ideas about how to engage children and youth in learning and ways to bring together community-based systems that promote learning. The foundation will consider grants in four priority areas: Educated Kids; Healthy Kids; Secure Families; and Civic Engagement.

Educated Kids: To ensure that all children get the development and education they need as a basis for independence and success, the foundation seeks opportunities to invest in early child development (ages zero to eight) leading to reading proficiency by third grade, graduation from high school, and pathways to meaningful employment.

Healthy Kids: The foundation supports programs that work to ensure that all children grow and reach optimal well-being by having access to fresh, healthy food, physical activity, quality health care, and strong family supports.

Secure Families: The foundation supports programs that build economic security for vulnerable children and their families through sustained income and asset accumulation.

Civic Engagement: The foundation partners with organizations committed to inclusion, impact, and innovation in solving public problems and meeting the needs of children and families who are most vulnerable.

See the Kellogg Foundation Web site for eligibility and application guidelines. http://foundationcenter.org/pnd/rfp/rfp_item.jhtml?id=411900024#sthash.8WbcfjRk.dpuf

• **W.K. Kellogg Foundation**

Deadline: The Kellogg Foundation does not have any submission deadlines. Grant applications are accepted throughout the year and are reviewed at their headquarters in

Friday, August 12, 2016

Battle Creek, Michigan, or in our regional office in Mexico (for submissions focused within their region).

Amount: NO LIMIT (Please read restrictions/What they won't fund.)

Description: What to Expect Once they receive your completed online application, an automated response, which includes your WKKF reference number, will be sent to you acknowledging its receipt. Their goal is to review your application and email their initial response to you within 45 days. Your grant may be declined or it may be selected for further development.

As part of review process you may be asked to submit your organization's financial reports and/or IRS Form 990. While this information may be required, it is not intended to be the overall determining factor for any funding. You will not be asked to provide any financial reports or detailed budget information during this initial submission. They will only request this information later if needed as part of the proposal development.

If you would like to speak with someone personally, please contact the Central Proposal Processing department at (269) 969-2329. <http://www.wkkf.org/>

SCHOLARSHIP:

Friday, August 12, 2016

The Meyerhoff Adaptation Project -

The Meyerhoff Scholars Program is open to all high-achieving high school seniors who have an interest in pursuing doctoral study in the sciences or engineering, and who are interested in the advancement of minorities in the sciences and related fields. Students must be nominated for the program and are most typically nominated by their high school administrators, guidance counselors, and teachers. Awards range from \$5,000 – \$22,000 per year for four years.

The Meyerhoff Selection Committee considers students academic performance, standardized test scores, recommendation letters, and commitment to community service. Scholars are selected for their interests in the sciences, engineering, mathematics, or computer science, as well as their plans to pursue a Ph.D. or combined M.D./Ph.D. in the sciences or engineering. Reviewing the freshman class profile may provide an idea of the kinds of students who are admitted to UMBC and the Meyerhoff Scholars Program.

Applicants are expected to have completed a strong college preparatory program of study from an accredited high school. The minimum program of study should include:

English: four years

Social Science/History: three years

Mathematics*: three years

Science: three years

Language other than English: two years

*Students are strongly recommended to have completed four years of mathematics, including trigonometry, pre-calculus, and/or calculus.

Eligibility Criteria

To be considered for the Meyerhoff Scholars Program, prospective students must have at least a “B” average in high school science or math courses, and many applicants have completed a year or more of calculus. Preference is given to those who have taken advanced placement courses in math and science, have research experience, and have strong references from science or math instructors. In recent years, a strong preference has been given to those students interested in the Ph.D. or M.D./Ph.D. (over the M.D.).

Students must meet all eligibility requirements:

Minimum of 600 on the Math component of the SAT

Cumulative High School GPA of a 3.0 or above

Aspire to obtain a Ph.D. or M.D./Ph.D. in Math, Science, Computer Science, or Engineering

Display commitment to community service

~ONLY FOR WASHINGTON STATE UNIVERSITY~

First Scholars – The Suder Foundation

DEADLINE:

AMOUNT: The goal of the First Scholars program is to help first-generation college students succeed in school, graduate, and have a life complete with self-awareness, success and significance. Scholars receive personalized support, including a four-year renewable scholarship of \$5,000. The program is open to incoming first-time, full-time freshmen whose parents have no more than two years of education beyond high school and no post-secondary degree.

DESCRIPTION: The First Scholars™ Program is available to incoming first-time, full-time freshmen whose parents have no more than two years of education beyond high school and no post-secondary degree. Participation in First Scholars™ includes a four-year renewable scholarship, half disbursed in the fall semester and half disbursed in the spring semester. Students can receive the award depending on eligibility requirements for a total of 4 years if program requirements are met.

This scholarship is open to Washington residents who enroll at Washington State University - Pullman full-time during the 2016-2017 academic year. The program requires that the recipients live on campus in a specified residence hall for the 2016-2017 academic year, and outside of the family home the following three academic years in order to renew the scholarship.

First-generation students represent a cross-section of America and college campus demographics. First Scholars come from diverse cultural, socioeconomic, geographic and family backgrounds and experiences. First-gen students are found in all departments and colleges of virtually every major public university across the country. Our affiliate universities have an average 30-50% first-gen enrollment and the number keeps rising. However, the average national graduation rate for first-generation students is only 34%, compared with 55% for the general student population.

VETERANS

☛ VFW Accepting Applications From Veterans for Emergency Financial Assistance

DEADLINE: Open

AMOUNT: Grants of up to \$5,000 will be awarded to active and discharged military service members who have been deployed in the last six years and have run into unexpected financial difficulties as a result of deployment or other military-related activity or natural disaster....

DESCRIPTION: As the nation's largest organization of combat veterans, we understand the challenges veterans, service members and military families can face and believe that experiencing financial difficulties should not be one of them. That's the premise behind the VFW's Unmet Needs program.

Unmet Needs is there to help America's service members who have been deployed in the last six years and have run into unexpected financial difficulties as a result of deployment or other military-related activity. The program provides financial aid of up to \$5,000 to assist with basic life needs in the form of a grant -not a loan- so no repayment is required. To further ease the burden, we pay the creditor directly.

Since the program's inception, Unmet Needs has distributed over \$5 million in assistance to qualified military families, with nearly half of those funds going directly toward basic housing needs.

The needs of our veterans, service members and their families should never go unmet. Let us offer you a hand up when you need it!

Please review the Unmet Needs eligibility criteria to see if you or someone you know qualifies for a grant through the Unmet Needs program.

WEBSITE: http://www.vfw.org/UnmetNeeds/?gclid=CjwKEAiAhPCyBRctwMDS5tzT03gSjADZ8VjRw5RxJw1br5NTowrY1NFzylowGtdvOagXa3LHyYK_PRoCB4Hw_wcB

IDAHO & WASHINGTON - ONLY

ASPCA Northern Tier Shelter Initiative Coalition Grants

DEADLINE: No Deadline

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD

\$\$\$ ~ Weekly Funding Opportunities Report ~\$\$\$

Friday, August 12, 2016

AMOUNT: Grant amounts will vary depending on project. A site visit may be required as part of the review process or as a condition of receiving the grant funds. Consultation services may be offered as part of a grant package.

DESCRIPTION:

Priority will be given to coalitions working toward long-term, systemic, and sustainable community/regional improvements in animal welfare services. This may include (but not limited to) programs that:

Increase capacity to provide quality animal care and services by:

Improving protocols around vaccination on intake, disease spread prevention, decreased length of stay, physical and behavioral care of sheltered pets

Improving capacity to provide basic health services including spay/neuter and vaccines for animals at risk in the community.

Increase coalition live release rate via:

Fee-waived adoption programs and policies

High-volume adoption events

Foster programs

Relocation initiatives within the seven Northern Tier target states

Decrease shelter intake via:

Lost and found programs

Return to owner in the field

Pet retention assistance, such as safety net programs

Re-homing assistance

New UIHI Broadcast: Safe Sleep & Breastfeeding in Indian Country

August is National Breastfeeding Month! Breastfeeding has been shown to greatly reduce the risk of Sudden Infant Death Syndrome (SIDS).¹ The American Academy of Pediatrics currently recommends exclusively breastfeeding new babies for the first 4-6 months.² Based on recent national data, 13.2% of American Indian and Alaska Native infants were exclusively breastfed for their first 6 months, and 20.7% were breastfed for 12 months.²

The Urban Indian Health Institute, a partner within the National Action Partnership to Promote Safe Sleep (NAPPSS), is working to share and promote the NAPPSS' Action Plan with health care providers to encourage active conversations about safe sleep behavior with infant caregivers. This is Part 1 of a 3-Part series focusing on increasing breastfeeding and safe infant sleep behaviors in Indian Country.

View the UIHI's [new broadcast online](#) to learn about the NAPPSS strategies you can use for engaging and communicating with infant caregivers.

Visit the [National Breastfeeding Month](#) website for more information on ways to promote breastfeeding within your community.

Food Price "Watchers" Wanted Across Indian Country

LONGMONT, Colorado (August 4, 2016) – First Nations Development Institute (First Nations) is seeking up to 75 people or organizations – located on or near Indian reservations across the U.S. – to monitor and report food prices on a monthly basis over a 12-month period. Participants each will be paid \$500 at the end of the study.

Applications due: **September 8, 2016** by 5 p.m. Mountain Time

We R Native Contest

Northwest Portland Area Indian Health Board (NPAIHB) #REPRESENT. AI/AN youth are invited to share ways in which they show their Native pride throughout summer. To enter the contest, post a story on social media using #REPRESENT.

Deadline: **August 20, 2016**. [Learn more](#).

Webinars

Access to Exercise in Native America

“You need to exercise more.” How many times has your doctor told you that? Doctors frequently prescribe exercise as a way to fight obesity and high rates of diabetes in Native America. But where and how you exercise depends on what you have available. Many rural tribal communities lack gyms. It can be hard for urban residents to find a safe place to go for a jog. Lack of exercise facilities could cut into a person’s motivation. How do you get yourself off the couch and working up a sweat when there’s not many places available? Learn more [here](#).

When: August 12, 2016

Trainings and Conferences

National Tribal Forum for Excellence in Community Health Practice

Rooms at the Northern Quest Resort and Casino are available on a first-come first-served basis with rates starting at \$96 per night. [Register](#) today and [book your room](#) to lock in the conference rate. [Register Here!](#)

When: August 30-31, 2016
Where: Spokane, Washington

First Annual Conference on Native American Nutrition

This conference will be a first-of-its-kind forum to share and advance knowledge related to the dietary health of Native communities. It represents a commitment by the Shakopee Mdewakanton Sioux Community and the University of Minnesota to co-organize a series of annual national conferences focused on the nutrition of Native peoples.

Tribal leaders, Native and non-Native practitioners, researchers, public health experts, and others are invited to exchange Indigenous and academic scientific knowledge; discuss current practices; listen to, connect with, and learn from each other; and candidly explore ways to overcome the existing obstacles to greater understanding. Additionally, the conference aims to identify areas of needed research, discuss practical applications, and foster new collaborations.

Abstracts for oral and poster presentations may be submitted online until August 15. The full agenda, registration, abstract submission, and other information are available at SeedsOfNativeHealth.org/Conference. Register soon, as space will be limited!

When: September 26-27, 2016
Where: Prior Lake, Minnesota

Cross Cultural Health Care Program (CCHCP) Training: Closing the Gap, Cultural Competency Training of Trainers Institute

This Institute provides a 5-day intensive course for organizations to meet mandates and recommendations for culturally and linguistically appropriate services. [Learn more](#)

When: October 31-November 4, 2016
