BJA FY 18 Justice Accountability Initiative: National Training and Technical Assistance to support pilot projects using data-driven systems to reduce crime and recidivism - Department of Justice/Bureau of Justice Assistance

DEADLINE: Jul 30, 2018

AMOUNT: \$2,000,000 x 3 awards

DESCRIPTION: The Justice Accountability Initiative (JAI) is a data-driven approach that can help state, local, and tribal criminal justice agencies analyze, understand, and address reducing recidivism and crime. The overall goal of JAI is to reduce crime by reducing the risk of recidivism, particularly violent recidivism. State and local agencies can accomplish this goal by creating and improving risk prediction tools, needs assessments and supervision plans, and building data-sharing and notification systems across criminal justice stakeholders. These strategies will also save in costs and improve operational efficiencies that can be reinvested in proven strategies to reduce crime and recidivism.

The Jobs Plus Initiative - HUD

DEADLINE: August 14, 2018

AMOUNT: \$3,700,000 per project period

DESCRIPTION: The Jobs Plus program develops locally-based, job-driven approaches that increase earnings and advance employment outcomes through work readiness, employer linkages, job placement, educational advancement, technology skills, and financial literacy for residents of public housing. The place-based Jobs Plus program addresses poverty among public housing residents by incentivizing and enabling employment through earned income disregards for working residents and a set of services designed to support work including employer linkages, job placement and counseling, educational advancement, and financial counseling. Ideally, these incentives will saturate the target developments, building a culture of work and making working residents the norm.

The Jobs Plus program comprises these three core components (further described below):

- Employment-Related Services
- Financial Incentives Jobs Plus Earned Income Disregard (JPEID)

Community Supports for Work

Applicants are encouraged to develop key partnerships to connect participants with any other needed services to remove barriers to work. An Individualized Training and Services Plan (ITSP) should be developed for each participant to establish goals and service strategies, and to track progress.

Background

HUD, the Rockefeller Foundation, and MDRC, through a public-private partnership, designed and supported the Jobs Plus program model between 1998 and 2003. HUD has issued two separate evaluation reports on the demonstration, to identify and document the most promising approaches to increasing employment among families in public housing. Each evaluation showed ongoing positive effects for residents when the program was well-implemented and included the three core elements. More information on the findings can be found at http://www.mdrc.org/project/jobs-plus-community-revitalization-initiative-public-housing-families#overview.

AUGUST 2018

Advancing Exceptional Research on HIV/AIDS and Substance Abuse (R01 Clinical Trial Optional)

DEADLINE: August 22, 2018

AMOUNT: Application budgets are not limited but need to reflect the actual needs of the proposed project. The scope proposed should determine the project period. The maximum project period is five years.

JUNE 2018

DESCRIPTION: This FOA supports highly innovative R01 applications on HIV/AIDS and drug abuse and complements the Avant-Garde Award Program for HIV/AIDS and Drug Use Research and the Avenir Award Program for Research on Substance Abuse and HIV/AIDS. The Avant-Garde award supports individuals who conduct high-risk, high-reward research and does not require a detailed research plan. The Avenir award is similar to the Avant-Garde award but focuses on support for early stage investigators. Applications submitted under this FOA are required to have a detailed research plan and preliminary data. This FOA focuses on innovative research projects that have the potential to open new areas of HIV/AIDS research and/or lead to new avenues for prevention and treatment of HIV/AIDS among substance abusers. The nexus with drug abuse should be clearly described. This FOA is open to both individual researchers and research teams and is not limited to any one area of research on HIV and substance use, but all studies must focus on NIH HIV/AIDS Research Priorities https://grants.nih.gov/grants/guide/notice-files/NOT-OD-15-137.html.

Registration is required.

Archived Web Conferences

Informational Web Conferences were scheduled for June 3, 2015 and July 22, 2015 Recordings for both events are now available.

June 3, 2015 web conference recording available here.

July 22, 2015 web conference recording available here.

Timing: Since applications are accepted on a rolling basis, there is no deadline for submission. Generally, applicants can expect to be notified within 6-8 weeks of their LOI submission. Applicants invited to the full proposal stage will have 2 months to submit their proposal once they receive notification. Full proposal funding decisions will generally be made within 6-8 weeks of the submission deadline.

AMOUNT: Approximately \$2.2 million will be awarded annually. We expect to fund between five and 12 grants each year for periods of up to 30 months. We anticipate that this funding opportunity will remain open for at least a period of three years; however, decisions about modifications to the program and the duration of the program will be made by RWJF at its sole discretion.

JUNE 2018

DESCRIPTION: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health is a national program of RWJF that supports the Foundation's commitment to building a Culture of Health in the United States. The program aims to provide individuals, organizations, communities, policymakers, and researchers with the empirical evidence needed to address the key determinants of health encompassed in the Culture of Health Action Framework. In addition, Evidence for Action will also support efforts to assess outcomes and set priorities for action. It will do this by encouraging and supporting creative, rigorous research on the impact of innovative programs, policies and partnerships on health and well-being, and on novel approaches to measuring health determinants and outcomes.

Changes in Health Care Financing and Organization: Small Grants

DEADLINE: Grants are awarded on a rolling basis; proposals may be submitted at any time.

AMOUNT: This solicitation is for small grants of \$100,000 or less.

DESCRIPTION: Changes in Health Care Financing and Organization (HCFO) supports research, policy analysis and evaluation projects that provide policy leaders timely information on health care policy, financing and organization issues. Supported projects include:

examining significant issues and interventions related to health care financing and organization and their effects on health care costs, quality and access; and

exploring or testing major new ways to finance and organize health care that have the potential to improve access to more affordable and higher quality health services.

Eligibility and Selection Criteria

Researchers, as well as practitioners and public and private policy-makers working with researchers, are eligible to submit proposals through their organizations. Projects may be initiated from within many disciplines, including health services research, economics, sociology, political science, public policy, public health, public administration, law and business administration. RWJF encourages proposals from organizations on behalf of researchers who are just beginning their careers, who can serve either individually as principal investigators or as part of a project team comprising researchers or other collaborators with more experience. Only organizations and government entities are eligible to receive funding under this program.

Preference will be given to applicants that are either public entities or nonprofit organizations that are tax-exempt under Section 501(c) (3) of the Internal Revenue Code and are not private foundations as defined under Section 509(a).

Complete selection criteria can be found in the Call for Proposals.

Kellogg Foundation Invites Applications for Programs that Engage Youth and Communities in Learning Opportunities

Deadline: No Deadline

Amount: No Amount Specified

Description: The W.K. Kellogg Foundation is accepting applications from nonprofit organizations working to promote new ideas about how to engage children and youth in learning and ways to bring together community-based systems that promote learning. The foundation will consider grants in four priority areas: Educated Kids; Healthy Kids; Secure Families; and Civic Engagement.

Educated Kids: To ensure that all children get the development and education they need as a basis for independence and success, the foundation seeks opportunities to invest in early child development (ages zero to eight) leading to reading proficiency by third grade, graduation from high school, and pathways to meaningful employment.

Healthy Kids: The foundation supports programs that work to ensure that all children grow and reach optimal well-being by having access to fresh, healthy food, physical activity, quality health care, and strong family supports.

Secure Families: The foundation supports programs that build economic security for vulnerable children and their families through sustained income and asset accumulation.

Civic Engagement: The foundation partners with organizations committed to inclusion, impact, and innovation in solving public problems and meeting the needs of children and families who are most vulnerable.

See the Kellogg Foundation Web site for eligibility and application guidelines. http://foundationcenter.org/pnd/rfp/rfp item.jhtml?id=411900024#sthash.8WbcfJRk.dpuf

SCHOLARSHIP:

The Meyerhoff Adaptation Project -

The Meyerhoff Scholars Program is open to all high-achieving high school seniors who have an interest in pursuing doctoral study in the sciences or engineering, and who are interested in the advancement of minorities in the sciences and related fields. Students must be nominated for the program and are most typically nominated by their high school administrators, guidance counselors, and teachers. Awards range from \$5,000 – \$22,000 per year for four years.

The Meyerhoff Selection Committee considers students academic performance, standardized test scores, recommendation letters, and commitment to community service. Scholars are selected for their interests in the sciences, engineering, mathematics, or computer science, as well as their plans to pursue a Ph.D. or combined M.D./Ph.D. in the sciences or engineering. Reviewing the freshman class profile may provide an idea of the kinds of students who are admitted to UMBC and the Meyerhoff Scholars Program.

Applicants are expected to have completed a strong college preparatory program of study from an accredited high school. The minimum program of study should include:

English: four years

Social Science/History: three years

Mathematics*: three years

Science: three years

Language other than English: two years

*Students are strongly recommended to have completed four years of mathematics, including trigonometry, pre-calculus, and/or calculus.

Eligibility Criteria

To be considered for the Meyerhoff Scholars Program, prospective students must have at least a "B" average in high school science or math courses, and many applicants have completed a year or more of calculus. Preference is given to those who have taken advanced placement courses in math and science, have research experience, and have strong references from science or math instructors. In recent years, a strong preference has been given to those students interested in the Ph.D. or M.D./Ph.D. (over the M.D.).

Students must meet all eligibility requirements:

Minimum of 600 on the Math component of the SAT

Cumulative High School GPA of a 3.0 or above

Aspire to obtain a Ph.D. or M.D./Ph.D. in Math, Science, Computer Science, or Engineering

Display commitment to community service

Must be a citizen or permanent resident of the United States

~ONLY FOR WASHINGTON STATE UNIVERSITY~

First Scholars - The Suder Foundation

DEADLINE:

AMOUNT: The goal of the First Scholars program is to help first-generation college students succeed in school, graduate, and have a life complete with self-awareness, success and significance. Scholars receive personalized support, including a four-year renewable scholarship of \$5,000. The program is open to incoming first-time, full-time freshmen whose parents have no more than two years of education beyond high school and no post-secondary degree.

DESCRIPTION: The First Scholars™ Program is available to incoming first-time, full-time freshmen whose parents have no more than two years of education beyond high school and no post-secondary degree. Participation in First Scholars™ includes a four-year renewable scholarship, half disbursed in the fall semester and half disbursed in the spring semester. Students can receive the award depending on eligibility requirements for a total of 4 years if program requirements are met.

This scholarship is open to Washington residents who enroll at Washington State University - Pullman full-time during the 2016-2017 academic year. The program requires that the recipients live on campus in a specified residence hall for the 2016-2017 academic year, and outside of the family home the following three academic years in order to renew the scholarship.

First-generation students represent a cross-section of America and college campus demographics. First Scholars come from diverse cultural, socioeconomic, geographic and family backgrounds and experiences. First-gen students are found in all departments and colleges of virtually every major public university across the country. Our affiliate universities have an average 30-50% first-gen enrollment and the number keeps rising. However, the average national graduation rate for first-generation students is only 34%, compared with 55% for the general student population.

AMOUNT: Funding includes registration, airfare, lodging, ground transportation, baggage, meals, and incidental expenses. You would fly from your home airport to Philadelphia on October 20, 2017, and return on October 25, 2017. Decision notices will be sent to all applicants by August 30, 2017.

DESCRIPTION: Are you an American Indian or Alaska Native student in science, tech, engineering, or math (STEM)?

The National Institute of Justice is looking for five qualified undergrad or grad students to attend this conference, which brings together thousands of professionals from federal, state, local, and tribal organizations.

Attendance will aid you in exploring applications of your STEM training to issues of criminal justice and public safety. You will have the opportunity to interact with scientists and attend panel discussions on the most urgent issues facing communities and innovative, evidence-based solutions.

VETERANS

VFW Accepting Applications From Veterans for Emergency Financial Assistance

DEADLINE: Open

AMOUNT: Grants of up to \$5,000 will be awarded to active and discharged military service members who have been deployed in the last six years and have run into unexpected financial difficulties as a result of deployment or other military-related activity or natural disaster....

DESCRIPTION: As the nation's largest organization of combat veterans, we understand the challenges veterans, service members and military families can face and believe that experiencing financial difficulties should not be one of them. That's the premise behind the VFW's Unmet Needs program.

Unmet Needs is there to help America's service members who have been deployed in the last six years and have run into unexpected financial difficulties as a result of deployment or other military-related activity. The program provides financial aid of up to \$5,000 to assist with basic life needs in the form of a grant -not a loan- so no repayment is required. To further ease the burden, we pay the creditor directly.

Since the program's inception, Unmet Needs has distributed over \$5 million in assistance to qualified military families, with nearly half of those funds going directly toward basic housing needs.

The needs of our veterans, service members and their families should never go unmet. Let us offer you a hand up when you need it!

Please review the Unmet Needs eligibility criteria to see if you or someone you know qualifies for a grant through the Unmet Needs program.

RWJF: Submit a Pioneering Idea Brief Proposal - Throughout the year, we welcome Pioneering Ideas Brief Proposals that can help us anticipate the future and consider new and unconventional perspectives and approaches to building a Culture of Health.

DEADLINE: Open **AMOUNT:** See site

DESCRIPTION: The goal of the Pioneering Ideas Brief Proposal funding opportunity is to explore; to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible.

While improving the status quo is vital to the health and well-being of millions of Americans now, the Pioneering Ideas Brief Proposal opportunity reaches beyond incremental changes to explore the ideas and trends that will influence the trajectory and future of health. Ultimately, we support work that will help us learn what a Culture of Health can look like—and how we can get there.

What is a Pioneering Idea?

Good question! We don't want to provide a checklist that limits your thinking—or ours. We do want to give you as clear a picture as we can about the kinds of proposals we hope to see, so you can best assess whether submitting an idea through our Pioneering Ideas Brief Proposal process is the right next step for you. Our application form allows you to introduce your idea; if it seems to be a fit for our portfolio we will reach out for more information.

We share some examples below of Pioneering Ideas we have funded in the past to give you a sense of where we've been. Keep in mind that ultimately, we need you to challenge us, and to tell us where we should be going and what ideas have the most potential to transform the way we think about health. As you review the examples below, you may notice some shared themes or characteristics which:

Challenge assumptions or long-held cultural practices.

Take an existing idea and give it a new spin—or a novel application.

Offer a new take or perspective on a long-running, perplexing problem.

Apply cutting-edge ideas from other fields to health.

Explore the potential for emerging trends to impact our ability to build a Culture of Health.

Healthy Native Babies Outreach Stipend Application

DEADLINE: Applications will be accepted on a rolling basis as funds are available.

AMOUNT: \$1500

DESCRIPTION: The Healthy Native Babies Project, a project of the Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD), has created culturally appropriate materials with safe infant sleep messages for American Indian and Alaska Native communities. These materials can be tailored for local communities by selecting various photos, graphic designs, and phrases in Native languages from the Healthy Native Babies Project Toolkit Disk. Outreach stipends are available for printing customized

Good Sports Accepting Applications for Sports Equipment Program

DEADLINE: ROLLING FUNDING

AMOUNT: While the equipment, apparel, and footwear received through the program are free, recipients are expected to pay shipping and handling costs, which amount to roughly 10 percent of the donation value, with a maximum fee of \$1,500.

DESCRIPTION: Good Sports helps lay the foundation for healthy, active lifestyles by providing athletic equipment, footwear, and apparel to disadvantaged young people nationwide. By working closely with teams, coaches, and community leaders across the United States, the organization is able to focus on the respective needs of each individual program and help offset the main factors causing the greatest challenges.

Good Sports is accepting applications from organizations and schools for equipment, apparel, and footwear for a wide range of sports. Organizations that are approved will have access to equipment, apparel, and footwear inventory for a two-year period. During that time, organizations can make up to six separate donation requests — as long as need is well documented, donations will be granted. There is no need to resubmit a full application again during the two-year period.

To be eligible, applicants must directly serve youth between the ages of 3 and 18; serve youth in an economically disadvantaged area; be located in North America (the U.S. and Canada); and operate an organized sport, recreational activity, or fitness program that offers consistent and structured opportunity for play to large groups of children. Schools must apply as a whole; applications for individual programs within a school will not be considered. Donation requests for short-term events such as sports camps and tournaments or to individual athletes will not be considered.

Applications are reviewed on a rolling basis. It is recommended, however, that organizations apply at least eight weeks prior to the start of their particular season or program to ensure the desired equipment can be accessed and shipped on time.

Good Sports Accepting Applications for Athletic Equipment Grants

DEADLINE: ROLLING FUNDING

AMOUNT: You will be required to sign a release form and pay a shipping and handling fee with each donation. This will always equal 10% of the total retail value of the items; for example, if the total value of your items equals \$2,000, you will be asked to provide \$200, etc.

DESCRIPTION: Good Sports in Quincy, Massachusetts, is a nonprofit whose mission is to increase youth participation in sports, recreation, and fitness activities.

JUNE 2018

To that end, the organization provides sports equipment, apparel, and footwear to youth organizations offering sports, fitness, and recreational programs to youth in need.

To be eligible, organizations must directly serve youth between the ages of 3 and 18 in an economically disadvantaged area; be located in North America (U.S. and Canada); and operate an organized sport, recreational activity, or fitness program that offers consistent and structured opportunity for play to large groups of children. Winning organizations may make up to six equipment requests within a two-year period. Winners will be responsible for operational costs, including equipment shipping, up to \$1,500.

Voya Foundation Grants

DEADLINE: Grant requests are reviewed throughout the year. Grant applicants should check the online system for quarterly deadlines, which are subject to change.

AMOUNT: Value of grant requests must be a minimum of \$2,500.

DESCRIPTION: The Voya Foundation, the philanthropic arm of Voya Financial, works to ensure that youth are equipped with science, technology, engineering, and math (STEM) expertise and financial knowledge necessary to compete in the twenty-first century workforce and make smart financial decisions that lead to a secure retirement.

To that end, Voya is accepting applications from organizations that provide innovative and experiential K-8 STEM learning opportunities that promote an early interest in STEM career fields and improve teachers' capabilities in STEM; or that provide financial education curriculum to grade 9-12 students focused on navigating major financial milestones such as student debt, credit, home ownership, financial products and services/financial capability, and family needs.

- 1) STEM Education: The foundation supports organizations that fund high-quality experiential STEM learning opportunities for children in grades K-8. Programs are evaluated based on improvements in covered STEM concepts and increased interest in STEM careers generated over the course of the program.
- 2) Financial Literacy: Voya's financial literacy grants support organizations that provide financial literacy curriculum to students in high school (grades 9-12). Programs must cover student debt, credit, home ownership, investing, and understanding of financial products and services (financial capability), and family financial planning.

To be eligible, applicants must be considered tax exempt under Section 501(c)(3) of the Internal Revenue Code.

FY 2017 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs. Department of Commerce

DEADLINE: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

AMOUNT: \$3,000,000

DESCRIPTION: Under this NOFA, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including communities and regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. This EDAP NOFA supersedes the EDAP Federal Funding Opportunity dated December 23, 2016.
