

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

Greetings! The NPAIHB - Funding Opportunity is our commitment to the health and well-being of our tribal members.

*PLEASE NOTE: **New funding opportunities** will be available Friday/Monday (*unless there are no "New" grant announcements*).

Please see the "New" Funding Opportunity Information provided in this "color code".

If you have, a specific targeted goal or urgent community need and find yourself not knowing where to start "looking for a grant", our assistance is available anytime and we would be very excited to assist you.

The Foundation for Women's Wellness (FWW) - FWW Research Awards

DEADLINE: April 5, 11:59pm MST

AMOUNT: FWW Research Awards are one-time, non-recurring grants of \$25,000. Only one application per principal investigator (PI). There is no limit to the number of applications from any one medical institution/organization.

DESCRIPTION: FWW Research Awards target early funding for small, short-term studies with promise for improving medical knowledge in cardiovascular disease, leading female cancers, the role of hormones in disease and stage-of-life health issues such as pregnancy and menopause and diseases disproportionately affecting women. We favor research proposals that have direct clinical application in preventing and/or treating disease; studies with the promise of yielding results that will attract larger sources of funding for advancing study; and influencing long-term research directions in its field.

WEBSITE/LINK: <http://thefww.org/research-awards/>

The Foundation for Women's Wellness (FWW) - FWW Fellowship Awards

DEADLINE: April 5, 11:59pm MST

AMOUNT: FWW Fellowship Awards are one-time, non-recurring \$5,000 provided directly to the awardee (income tax applies). Only one application per applicant. There is no limit on the number of applications from any one medical institution/organization.

DESCRIPTION: We believe that to improve women's health we must also invest in the future. FWW's Fellowship Awards recognize and support MD/PhD candidates or graduates pursuing fellowship or specialty training and working on research in women's health. This

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

award goes directly to the individual awardee to acknowledge and support her/his academic, training and research success and pursuits.

WEBSITE/LINK: <http://thefww.org/fellowship-awards/>

The BUILD Health Challenge

DEADLINE: The deadline for Round One applications is April 5, 2019; Round Two applications will be due July 26, 2019. Visit the BUILD website to download the Call for Applications.

AMOUNT: Grants of up to \$250,000 in funding over two-and-a-half years will be provided. The majority of applicants must be working in cities with populations greater than 150,000. (Applicants from specific regions are exempt from this population requirement.)

DESCRIPTION: The BUILD Health Challenge is a national program designed to support partnerships between community-based organizations, health departments, and hospitals/health systems that are working to address important health issues in their community. BUILD works to strengthen partnerships that have a shared commitment to reducing health disparities creating opportunities for improved community health, and addressing the influence of social, physical, and economic environments on health behaviors. These social determinants of health, addressed in previously funded projects, have touched upon early childhood development, employment opportunities, and food insecurity and air and water quality, as well as transportation, educational attainment, and housing. Through the third Call for Applications, BUILD will support up to 17 innovative collaboratives across the U.S. working together to address upstream challenges and drive sustainable improvements in community health.

Research on the Health of Women of Understudied, Underrepresented and Underreported (U3) Populations An ORWH FY19 Administrative Supplement (Admin Supp Clinical Trial Optional) - DHHS/NIH

DEADLINE: Apr 08, 2019

AMOUNT: \$140,000

DESCRIPTION: The Office of Research on Women's Health (ORWH) announces the availability of administrative supplements to support interdisciplinary, transdisciplinary and multidisciplinary research focused on the effect of sex/gender influences at the intersection of several social determinants, including but not limited to: race/ethnicity, socioeconomic status, education, health literacy and other social determinants in human health and illness. This research includes preclinical, clinical, behavioral and translational studies with the specific purpose to provide Administrative Supplements to active NIH parent grants for one year to address health disparities among women of populations in the US who are understudied, underrepresented and underreported in biomedical

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

research. The proposed research must address an area specified within Goal 1 and 2 of the new Trans-NIH Strategic Plan for Women's Health Research "Advancing Science for the Health of Women". These goals focus on advancing rigorous research that is relevant to the health of women (Goal 1) and developing methods and leveraging data sources to consider sex and gender influences that enhance research for the health of women (Goal 2). Projects must include a focus on one or more NIH-designated health disparities populations, which include Blacks/African Americans, Hispanics/Latinos, American Indians/Alaska Natives, Asian Americans, Native Hawaiians and other Pacific Islanders, socioeconomically disadvantaged populations, underserved rural populations, and sexual and gender minorities (SGM). Combinations of one or more populations is also encouraged, e.g. socioeconomically disadvantaged sexual and gender minorities.

OVW FY 2019 Training and Technical Assistance Initiative - Department of Justice

DEADLINE: Apr 11, 2019

AMOUNT: \$2,000,000

DESCRIPTION: The primary purpose of the OVW Training and Technical Assistance Initiative (TA Initiative) is to provide direct technical assistance to existing and potential grantees and sub-grantees to enhance their efforts to successfully implement projects supported by OVW grant funds. OVW's TA Initiative is designed to strengthen and build the capacity of civil and criminal justice system professionals and victim service providers across the nation to respond effectively to sexual assault, domestic violence, dating violence, and stalking and foster partnerships among organizations that have not traditionally worked together to address these crimes.

The NoVo Foundation - The Life Story Grants

DEADLINE: The NoVo Foundation is inviting Letters of Inquiry now through April 19, 2019. Applicant organizations are expected to read the Request for Letters of Inquiry before submitting their LOI.

AMOUNT: \$10 million, 3-year commitment for programs in the U.S

DESCRIPTION: The trajectories of girls and women in the sex trade are often marked by many on-ramps into exploitation—poverty, violence, discrimination and system failure—and few exit ramps for girls and women who seek to leave. The NoVo Foundation learned about these often-unseen realities from those who have experienced commercial sexual exploitation (CSE), over years of listening and partnership. A year ago, we launched The Life Story: Moments of Change to illuminate these truths, lifting up the voices, experiences and insights of survivors. This year, we are deepening our support to organizations who are changing those life trajectories. Specifically, we are seeking to fund system-focused strategies that help close on-ramps into commercial sexual exploitation while building many more exit ramps.

**Public Health Emergency Preparedness (PHEP) Cooperative Agreement -
Department of Health and Human Services, Centers for Disease Control - OPHPR**

DEADLINE: May 03, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$10,000,000 X 62 AWARDS

DESCRIPTION: This notice of funding opportunity is for the continued purpose of strengthening and enhancing the capabilities of state, local, and territorial public health systems to respond effectively (mitigate the loss of life and reduce the threats to the community's health and safety) to evolving threats and other emergencies within the United States and territories and freely associated states. This announcement provides clear expectations and priorities for recipients to strengthen and enhance the readiness of the public health system to save lives during emergencies that exceed the day-to-day capacity and capability of the public health emergency response systems. This announcement provides funds to ensure that PHEP recipients continue to advance development of effective public health emergency management and response programs as outlined in the Public Health Emergency Preparedness and Response Capabilities: National Standards for State, Local, Tribal, and Territorial Public Health. Recipients must develop strategies and activities based on the PHEP Logic Model and use findings from their jurisdictional risk assessments, capability self-assessments, National Health Security Preparedness Index, and incident after-action reports to inform their strategic priorities and preparedness investments.

Next Generation Multipurpose Prevention Technologies (NGM) (R01 Clinical Trial Optional) – DHHS/NIH

DEADLINE: May 6, 2019 by 5:00 PM local time of applicant organization. All types of non-AIDS applications allowed for this funding opportunity announcement are due on these dates.

Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date.

AMOUNT: Application budgets are not limited but need to reflect the actual needs of the proposed project. The scope of the proposed project should determine the project period. The maximum project period is 5 years.

DESCRIPTION: The objective of this Funding Opportunity Announcement (FOA) is to support the development of new and innovative on-demand, event -driven and long-acting

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

systemic and non-systemic multipurpose prevention technologies (MPT). It supports development of MPTs that prevent HIV infection and pregnancy (hormonal and non-hormonal methods); sexually transmitted infections (STI) and pregnancy, and (HIV/STI) and non-HIV STI MPTs in cis and trans males and females of all ages. Applications for MPT development may involve pharmacokinetic (PK), pharmacodynamic (PD), safety and, drug-drug interactions (DDI) studies using drug development and formulation science supported by animal model testing. Also supported are biobehavioral and behavioral/social studies to identify MPT user-desired rheological and biophysical factors (look, feel, effectiveness, safety and duration of action) and other behavioral/social factors that could promote increased MPT adoption and use.

Preventing Maternal Deaths: Supporting Maternal Mortality Review Committees - Department of Health and Human Services, Centers for Disease Control - NCCDPHP

DEADLINE: May 08, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$600,000 X 25 AWARDS

DESCRIPTION: This funding will support agencies and organizations that coordinate and manage Maternal Mortality Review Committees (MMRCs) to identify and characterize maternal deaths for identifying prevention opportunities. Recipients will identify pregnancy-associated deaths within one year of death; abstract and enter clinical and non-clinical data into a standard data system [Maternal Mortality Review Information Application (MMRIA)], conduct multidisciplinary reviews, and enter committee decisions in MMRIA within 2 years of death. Quality assurance processes, in partnership with CDC, will be used for improving data quality, completeness, and timeliness. Recipients and CDC will analyze data and share findings with stakeholders to inform policy and prevention strategies to reduce maternal deaths.

WEBSITE/LINK: <https://www.grants.gov/web/grants/view-opportunity.html?oppld=311065>

Technical Assistance to Increase Tobacco Cessation – DHHS/CDC - NCCDPHP

DEADLINE: May 13, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$225,000 X 2 AWARDS

DESCRIPTION: Tobacco use remains the leading preventable cause of disease and death in the United States. More than half of smokers attempt to quit each year, but fewer than one in ten succeed. Evidence-based cessation treatments, including individual, group, and telephone counseling and seven FDA-approved cessation medications, exist, but are

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

underutilized. The Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Office on Smoking and Health is announcing the opportunity to apply for funds for a competitive, non-research cooperative agreement to provide technical assistance to state tobacco control programs and other partners to translate the science of tobacco control cessation into public health action in order to further increase the rate of cessation among tobacco users in the United States. The funded organizations will accomplish this by providing technical assistance to state tobacco control programs and other partners to 1) Implement health systems change initiatives that seek to integrate tobacco dependence treatment into routine clinical care, including care of persons with behavioral health conditions; and 2) Improve state quitlines' infrastructure, operations, and services to further enhance their effectiveness and efficiency, increase state quitlines' reach, especially among populations experiencing tobacco-related disparities, broaden the range of cessation services offered by state quitlines, and enhance quitline sustainability.

WEBSITE/LINK: <https://www.grants.gov/web/grants/view-opportunity.html?oppId=313436>

Alcohol and Other Substance Use Research Education Programs for Health Professionals (R25 Clinical Trial Not Allowed) – DHHS/NIH

DEADLINE: May 25, September 25

AMOUNT: Application budgets are not limited but need to reflect the actual needs of the proposed project. Award Project Period: 4 years.

DESCRIPTION: The NIH Research Education Program (R25) supports research education activities in the mission areas of the NIH. The over-arching goal of this NIAAA/NIDA R25 program is to support educational activities that foster a better understanding of biomedical, behavioral, and clinical research on alcohol and other substance use disorders and their implications. To accomplish the stated over-arching goal, this FOA will support creative educational activities with a primary focus on Outreach. Specifically, this FOA will support projects designed to engage practicing health care professionals in education about current and emerging knowledge derived from scientific research on the neurobiology, epidemiology, prevention, and/or treatment of alcohol and other substance use disorders and related health conditions.

America's Promise Alliance Accepting Applications for Power of Youth Challenge

DEADLINE: March 31, 2019

AMOUNT: Awardees will receive coaching and support as they develop their project, with each team eligible for a mini-grant of up to \$250, based on project needs. Young adults are encouraged to identify an issue in their community and research it, start planning a team

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

project, build a budget, apply for the \$250 grant, track results, and then tell their story to the larger community.

Candidates who apply and complete their projects will be eligible for an accelerator grant of up to \$5,000 to grow their project over the next year.

DESCRIPTION: America's Promise Alliance seeks to provide young Americans with caring adult relationships, healthy childhoods, safe surroundings, effective education, and opportunities to serve others.

In keeping with this mission, and in partnership with the Charles Stewart Mott Foundation and Peace First, APA is accepting applications for its Power of Youth Challenge. Through the program, young adults are invited to bring positive change to their community by leading a local service project.

The Power of Youth Challenge invites you to bring positive change to your community by leading a local service project. You can make a difference and develop skills you can use now and in the future.

We know it can be hard to find the time and resources to volunteer. We are committed to empowering more young people like you have the support you need to be agents of change and create opportunities to do good in your community.

WEBSITE/LINK: <https://www.americaspromise.org/program-page/power-youth-challenge>

COMMUNITY

JAMS Mini-Grant 2019

DEADLINE: The deadline for Solicitation of Interest responses is April 2, 2019; invited full proposals will be due June 17, 2019. Visit the NAFCM website to learn more about the program. (There is a recommended bidders' conference for applicants on March 19 at 4 pm ET.

AMOUNT: Mini-Grants of \$12,000 for two years will be awarded to five organizations across the country. Nonprofit organizations, educational institutions, and public agencies are eligible to apply.

DESCRIPTION: The JAMS Foundation/NAFCM Mini-Grant Program supports the development of innovative and effective programs that can be replicated by community mediation centers nationwide and serve as a pathway to their sustainability and growth. The 2019 Mini-Grant Program will focus on conflict related to employment, education, family, and community involvement for those who are recently released or scheduled to be released from the criminal justice system.

Department of Health and Human Services (HHS)

Announcement Type: Cooperative Agreement Notice of Funding Opportunity, Budget Period 1 (FY19-20)
Applicant: Washington State Department of Health, Office of Emergency Preparedness and Response

Hospital Preparedness Program (HPP)
Funding Opportunity Announcement (FOA):
EP-U3R-19-001, CFDA Number: 93.889

Public Health Emergency Preparedness (PHEP)
Notice of Funding Opportunity (NOFO):
CDC-RFA-TP19-1901, CFDA Number: 93.069

Overview

Changes to HPP-PHEP Cooperative Agreement Period

Important Information	Dates
Opportunity announcement release date	March 4, 2019
Funding application due date	May 3, 2019
Budget period length – 1 year	July 1, 2019 – June 30, 2020
Project period length – 5 years	July 1, 2019 – June 30, 2024

Funding	Current Year 2018-2019 BP1 Supp	New Year 2019-2020 BP1	Variance	%
Total funding for WA State	\$16,365,982	\$16,720,201	\$354,219	2.2% ↑
HPP	\$4,250,883	\$4,336,358	\$85,475	2.0% ↑
PHEP - total	\$12,115,099	\$12,383,843	\$268,744	2.2% ↑
PHEP – base	\$11,062,782	\$11,307,904	\$245,122	2.2% ↑
PHEP – Cities Readiness Initiative	\$1,052,317	\$1,075,939	\$23,622	2.2% ↑
PHEP – Chem Lab equipment only – not included in the total funding or PHEP totals		\$372,600		
Funding amounts are for planning purposes only and may be revised based on the final federal fiscal year 2019 budget.				

The HPP FOA and PHEP NOFO have been received. Moving forward, HPP and PHEP continue alignment of programmatic activities and requirements, however, the cooperative agreements will be administered separately beginning July 2019. The first year of this five-year cooperative agreement period is referred to as budget period 1 (BP1). The FOA and NOFO cover priorities and requirements of the entire five-year cooperative agreement.

FOA/NOFO Purpose

The purpose of the 2019-2024 HPP and PHEP cooperative agreements is to strengthen and enhance the capabilities of the public health and health care systems to respond to evolving threats and other emergencies. Effective responses will enable jurisdictions to prevent or reduce morbidity and mortality from public health incidents whose scale, rapid onset, or unpredictability stresses the public health and health care systems and to ensure the earliest possible recovery and return of the public health and health care systems to pre-incident levels or improved functioning.

FOA/NOFO Purpose

The Assistant Secretary for Preparedness and Response (ASPR) will measure performance of HPP recipients to develop and strengthen the four health care preparedness and response capabilities. The goal is to build acute care medical surge capacity through the maintenance and growth of strong health care coalitions (HCCs).

The Centers for Disease Control (CDC) will use its operational readiness review (ORR) evaluation process to measure PHEP recipient progress in achieving desired outcomes under the 6 domains and 15 capabilities.

Through the implementation of the CDC logic model, short-term or system outcomes will be achieved through strategies that strengthen community resilience, surveillance, epidemiological investigations, laboratory testing, countermeasures and mitigation activities, surge management for public health, information management targeting the public and partners, and coordination of system responses through effective incident management.

Strategies and Activities

HPP awardees (4 capabilities) and PHEP awardees (across 6 domains and 15 capabilities) must increase or maintain their levels of effectiveness through the implementation of specific strategies and activities during the project period. For the 2019-2020 project period, HPP and PHEP awardees must address and comply with specific programmatic requirements for the strategies and activities listed in the FOA and NOFO as well as other requirements associated with statute and HHS grant guidance.

This summary contains minimum information regarding the funding opportunity announcements. For full details, see the complete FOA and NOFO at [Grants.gov](https://www.grants.gov).

For further information contact Kari McDonald, Grants Coordinator at 360-236-4034 or kari.mcdonald@doh.wa.gov

Sober Truth on Preventing Underage Drinking Act Grants - Department of Health and Human Services/Substance Abuse and Mental Health Services Adminis

DEADLINE: Mar 22, 2019

AMOUNT: \$50,000 (20 awards)

DESCRIPTION: The Substance Abuse and Mental Health Services Administration, Center for Substance Abuse Prevention (CSAP), is accepting applications for fiscal year (FY) 2019 Sober Truth on Preventing Underage Drinking Act (STOP Act) grants. The goal of this program is to prevent and reduce alcohol use among youth and young adults ages 12-20 in communities throughout the United States. The activities that are implemented in the project will aim to address community norms regarding alcohol use by youth, reduce opportunities for underage drinking by limiting youth access to alcohol, create changes in underage drinking enforcement efforts, address penalties for underage use, and/or reduce the prevalence of negative consequences associated with underage drinking (e.g., motor vehicle crashes, sexual assaults). In addition, applicants will build on strategic plans that were developed under a DFC grant.

WEBSITE: <https://www.grants.gov/web/grants/view-opportunity.html?oppId=312199>

American Indian Alaska Native Workforce Development Initiative – DHHS/Office of the Assistant Secretary for Health

DEADLINE: Mar 29, 2019

AMOUNT: \$525,000

DESCRIPTION: In 2014 only 67 percent of American Indian students graduated from high school compared the national average of 80 percent. Native students are expelled and suspended from schools at higher rates than their white counterparts. In an effort to address this disparity and to increase the number of American Indian/Alaska Native (AI/AN) youth entering the public health/health workforce paraprofessional and professional careers, OMH will partner with HHS Operating Divisions, and the Department of Education to implement a competitive funding mechanism to support the following strategic actions: develop/implement of a program to foster high school students' interest and success in the health para-professions and bridge programs, including a mentoring program; increase students' positive attitudes and improve their perception of their ability to enter a career; encourage and support students' academic progression through high school graduation and community college and/or undergraduate completion; and identify successful strategies and promising models to disseminate lessons learned to geographically isolated communities. This project will focus on improving high school completion rates among AI/AN students, and increasing the number of those students who earn certifications to work in the health care field and allied health programs. The

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

American Indian Alaska Native Workforce Development Initiative is expected to result in: improved high school completion rates for AI/AN students; improved employment rates of recent high school graduates within two years of program implementation; improved recruitment, retention and completion rates for AI/AN students for high school, community college and/or undergraduate completion; increased number of AI/AN and disadvantaged students pursuing public health/health workforce paraprofessional and allied health careers; and, increased participation and completion rates in high school and dual enrollment programs among American Indian/Alaska Native and disadvantaged students. Support will be provided for up to five entities. Priority geographic areas for this program are Pine Ridge and Rosebud, South Dakota. This initiative aligns with HHS Strategic Goal 1 (Reform, Strengthen, and Modernize the Nation's Health Care System) and Goal 3 (Strengthen the Economic and Social Well-Being of Americans Across the Lifespan).

WEBSITE/LINK: <https://www.grants.gov/web/grants/view-opportunity.html?oppId=308960>

National Indian Health Board Health Policy Fellowship

DEADLINE: Mar 30, 2019

AMOUNT: The Fellowship covers travel costs to attend in-person meetings and provides free opportunities for professional development, leadership, and skills building.

DESCRIPTION: The National Indian Health Board Health Policy Fellowship provides training, networking, and mentoring for Native youth who are dedicated to making changes in their communities around priority health issues.

Fellowships last from June 2019 to May 2020. Fellows meet in-person 3 times and attend virtual trainings throughout the year to grow their leadership and advocacy skills.

WEBSITE/LINK: https://www.nihb.org/for_youth/health_policy_fellowship.php

APRIL 2019

Grants to Support New Investigators in Addressing Cross-Cutting Violence Prevention and Opioid Overdose Prevention: RFA-CE-19-006

DEADLINE: Apr 01, 2019 Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due date.

AMOUNT: \$100,000 x 4 awards

DESCRIPTION: The National Center for Injury and Prevention Control (NCIPC) intends to provide support and 75% "protected time" for an intensive, supervised (mentored) career development experience to develop new researchers in the fields of opioid overdose prevention and cross-cutting violence prevention. The intent is to provide resources to young investigators so they can grow their skills by developing and conducting research efforts needed to address NCIPC Research Priorities

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

(<https://www.cdc.gov/injury/researchpriorities/index.html>), with the potential to investigate new and emerging public health issues. Investigators focused on opioid overdose prevention must propose a research project to investigate risk factors for and strategies to prevent opioid overdose. Investigators may address one of the research gaps identified in the NCIPC Research Priorities

(<https://www.cdc.gov/injury/researchpriorities/index.html>). Beyond the areas explicitly stated in the Research Priorities, research questions of interest to NCIPC include: How can PDMP, coroner, medical examiner, and law enforcement data be used to identify risk and protective factors for opioid overdose? What are the patterns of co-use of prescription opioids and heroin, injection of opioids, and overdose? What strategies are most effective at improving use of prescription drug monitoring programs? What levers can be used to support providers and health systems in improving prescribing, pain management, and overdose response, while minimizing unintended consequences? How can public health systems be improved to support linkage to care for opioid use disorder and overdose? What public health approaches can be infused into public safety efforts and law enforcement response to improve health outcomes? How can individuals be empowered to make safer choices about opioid use? It is expected that the research could be directly translated to inform strategies being implemented by state and local health departments in addressing the opioid overdose epidemic. Investigators focused on cross-cutting violence prevention must assess multiple forms of violence impacting children or youth (i.e., child abuse and neglect, youth violence, teen dating violence and self-directed violence).

Exposure to violence and other adverse childhood experiences can negatively affect health and development across the lifespan. CDC's Preventing Multiple Forms of Violence: A Strategic Vision for Connecting the Dots emphasizes the strategic importance of prevention strategies that address multiple forms of violence

(https://www.cdc.gov/violenceprevention/pdf/strategic_vision.pdf). Investigators focused on preventing multiple forms of violence impacting children or youth must address at least one of the cross-cutting violence prevention research gaps identified in the NCIPC Research Priorities (<https://www.cdc.gov/injury/researchpriorities/index.html>) in the context of children or youth. These gaps include the need to: identify modifiable factors that buffer against adversity and aggressive behavior in childhood to reduce multiple forms of violence and enhance positive health outcomes; evaluate the effectiveness and economic efficiency of policies or community-level change strategies designed to enhance the economic and social environment to reduce multiple forms of violence impacting children and youth; evaluate the effectiveness and economic efficiency of early education and support for young children and their families to prevent multiple forms of violence; evaluate the effectiveness and economic efficiency of programs, policies, and practices to enhance young people's skills and relationships that reduce their involvement in multiple forms of violence; and evaluate the effectiveness of dissemination and implementation strategies for child/youth violence prevention and assess factors that accelerate adoption of evidence-based strategies

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Social Justice Fund Northwest

DEADLINE:

The fund has identified multiple opportunities in 2019.

Momentum: Civic Engagement and Strengthening Democracy -- One-year grants will be awarded in support of efforts to engage historically marginalized individuals in the democratic process. **Deadline: March 6, 2019**

Leaderful Movements — Two-year grants will be awarded in support of organizations and groups working to develop the leadership capacity of those most directly impacted by the issues that affect them. **Deadline: April 3, 2019.**

Economic Justice — Two-year grants will be awarded to those working to advance economic equality at the junction of race, class, and gender. **Deadline: July 10, 2019**

Criminal Justice — Two-year grants will be awarded to groups working to dismantle the systemic criminalization of racial minorities and those living in poverty. **Deadline: September 18, 2019**

AMOUNT: The majority of SJF's grants are for general operating support, which provide grantees with the greatest degree of flexibility and self-determination. Our Rapid Response grants are project specific funds.

DESCRIPTION: Social Justice Fund NW provides essential resources to organizations in Idaho, Montana, Oregon, Washington, and Wyoming to strengthen grassroots efforts in the broad-based movement for progressive, systemic social change.

WEBSITE/LINK: https://philanthropynewsdigest.org/rfps/rfp9636-social-justice-fund-northwest-accepting-applications?utm_campaign=rfps%7C2019-02-17&utm_source=pnd&utm_medium=email

**Research Grants to Identify Effective Strategies for Opioid Overdose Prevention:
RFA-CE-19-002**

DEADLINE: Apr 08, 2019 Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due date.

AMOUNT: \$769,230 x 13 awards

DESCRIPTION: The National Center for Injury Prevention and Control (NCIPC) is soliciting investigator-initiated research that will identify effective strategies for state, community, and systems-level implementation to prevent fatal and nonfatal overdose from prescription and/or illicit opioids. The intent of this Notice of Funding Opportunity (NOFO) is to evaluate the implementation and impact of new or existing strategies in states and local communities that (1) enhance prescription drug monitoring program use; (2) support providers and health systems in improving prescribing, pain management, and overdose

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

response; (3) enhance public health systems that support linkage to care for opioid use disorder and overdose; (4) infuse public health approaches into public safety and law enforcement response; or (5) empower individuals to make safer choices about opioid use. Research is intended to directly improve the ability of state and local health departments to implement and improve interventions to prevent fatal and nonfatal opioid overdose. Emphasis is placed on supporting studies that generate findings that can immediately be translated into action to shorten the time lag between development and scale-up. The purpose of the amendment is to clarify that the correct date for the Pre-Application Call is February 14, 2019. Details of the Pre-Application Call can be found at the end of the Executive Summary.

Health Resources and Services Administration Emergency Medical Services for Children Targeted Issues Program Synopsis 1 - Department of Health and Human Services/Health Resources and Services Administration

DEADLINE: Apr 11, 2019

AMOUNT: \$1,300,000

DESCRIPTION: The Health Resources and Services Administration (HRSA) is accepting applications for the fiscal year (FY) 2019 Emergency Medical Services for Children (EMSC) Targeted Issues Program. The purpose of this program is to demonstrate the link between system readiness improvements within hospital and prehospital emergency medical systems and improved clinical care and health outcomes among pediatric patients.

WEBSITE/LINK: <https://www.grants.gov/web/grants/view-opportunity.html?oppId=307908>

Distance Learning and Telemedicine Grants—Opioid -Department of Agriculture Utilities Programs

DEADLINE: Apr 15, 2019

AMOUNT: \$500,000

DESCRIPTION: Authorized by 7 U.S.C. §950aaa, the DLT Program provides financial assistance to enable and improve distance learning and telemedicine services in rural areas. DLT grant funds support the use of telecommunications-enabled information, audio and video equipment, and related advanced technologies by students, teachers, medical professionals, and rural residents. These grants are intended to increase rural access to education, training, and health care resources that are otherwise unavailable or limited in scope.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

In March 2018, Congress explicitly appropriated an additional \$20 million for the DLT Program in the Consolidated Appropriations Act, 2018, Pub. L. 115-141, § 775 (2018) "to help address the opioid epidemic in rural America." Approximately half of this funding was awarded in FY 2018 to DLT projects that had opioid treatment as their primary purpose. For the remaining funds, the Agency is soliciting applications that specifically support treatment for, and prevention of, opioid use disorder in rural areas.

Applications submitted under this announcement should address how they will strengthen local capacity to address one or more of the following focus areas:

1. Prevention—for example, educating community members and care providers or implementing harm reduction strategies to reduce the number of fatal opioid-related overdoses and the occurrence of opioid use disorder among new and at-risk users.
2. Treatment—for example, implementing or expanding access to evidence-based practices for opioid use disorder treatment, such as medication-assisted treatment.
3. Recovery—for example, expanding peer recovery and treatment options that help people with opioid use disorder start recovery and avoid relapse.

Research to Improve Native American Health (R01 and R21) - National Cancer Institute, National Institute of Dental and Craniofacial Research, National Institute of Environmental Health Sciences, National Institute of Mental Health, National Institute on Alcohol Abuse and Alcoholism, National Institute on Drug Abuse, National Institute on Minority Health and Health Disparities, National Institutes of Health, Office of Behavioral and Social Sciences Research, U.S. Department of Health and Human Services

DEADLINE: Letter of Intent (Optional): Apr 14, 2019; May 14, 2019

AMOUNT: R21: The combined budget for direct costs for the 2 year project period may not exceed \$275,000. No more than \$200,000 in direct costs may be requested in any single year.

R01: Project budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is 5 years.

DESCRIPTION: This opportunity provides grants for research designed to improve Native American health, including:

Conducting secondary analysis of existing data

Merging various sources of data to answer critical research questions

Conducting pilot and feasibility studies

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Assessing and validating measures that are being developed and/or adapted for use in Native American communities

Studies should:

Be culturally appropriate and result in promoting the adoption of healthy lifestyles

Improve behaviors and social conditions and/or improve environmental conditions related to chronic disease

Prevent or reduce the consumption of tobacco, alcohol, and other drugs

Improve mental health outcomes

Reduce risk of HIV infection

Improve treatment adherence and/or healthcare systems adopting standards of care to improve overall quality of life

There are two funding opportunities under this program:

R21 Exploratory/Developmental Research Grant for the development of new research activities in the early and conceptual stages

R01 Research Project Grant that supports a discrete project to be performed by an investigator in an area representing the investigator's specific interest and competencies

Research and Evaluation on Violence Against Women: Sexual Violence, Intimate Partner Violence, Stalking, and Teen Dating Violence, FY 2019

DEADLINE: Apr 15, 2019

AMOUNT: \$3,500,000 X 6

DESCRIPTION: The goals of National Institute of Justices (NIJ) Violence Against Women (VAW) program of research are to improve knowledge and understanding of intimate partner and dating violence, stalking, and sexual violence through science to best prevent and respond to these crimes. This call for proposals is tied to Department of Justice priorities related to reducing violent crime, responding to victimization, protecting police officers, and enhancing investigations and prosecution. NIJ strives to support objective and independent knowledge and validated tools to reduce violence against women, promote justice for victims of crime, and enhance criminal justice responses to such crimes.

SMART FY 19 Maintenance and Operation of Dru Sjodin National Sex Offender Public Website - Department of Justice

DEADLINE: Apr 15, 2019

AMOUNT: \$1,000,000

DESCRIPTION: The Adam Walsh Act is designed to protect children and adults from sexual exploitation and violent crime, prevent child abuse and child pornography, promote Internet safety, and honor the memory of Adam Walsh and other crime victims. The Dru Sjodin National Sex Offender Public Website (NSOPW) is a critical component of the SMART Office's strategy to provide a comprehensive national sex offender registration and notification system to notify and protect the public from sex offenders. NSOPW allows law enforcement and the public to search existing state, territory and tribal sex offender registries for public sex offender data. With a single query from any web-capable computer, NSOPW searches state, territory and tribal publicly-available sex offender registration information. With a single query from any web-capable computer, NSOPW searches state, territory and tribal public sex offender registries to deliver results based on name, zip code, or geographic radius.

Social and Economic Development Strategies Program (SEDS)

DEADLINE: Apr 15, 2019

AMOUNT: Award ceiling: \$400,000 per year

Award floor: \$100,000 per year

Project period: Up to 36 months

Expected number of awards: 25

Estimated total funding: \$8,400,907

Grantees are required to match at least 20% of the total approved cost with cash and **in-kind resources**.

DESCRIPTION: The Social and Economic Development Strategies Program (SEDS) will award funding to projects that promote economic and social self-sufficiency for American Indians, Alaska Natives, Native Hawaiians, and other Native American Pacific Islanders from American Samoa, Guam, and Commonwealth of the Northern Mariana Islands.

Projects designed to grow local economies, strengthen Native American families, and decrease the high rate of social challenges caused by the lack of community-based business and social and economic infrastructure are particularly encouraged.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Project interests include, but are not limited to:

Community living

Early childhood development

Youth development

Community health

Arts and culture

Safety and security

Substance abuse

Organizational development

Nutrition and fitness

Strengthening families

Suicide prevention

Human trafficking

Mental health

Economic development

Asset building

Infrastructure development

Developing infrastructure to support the local workforce and business

**Strengthening Systems of Care for People Living with HIV and Opioid Use Disorder:
HRSA-19-038**

DEADLINE: April 16, 2019

AMOUNT: Up to \$3,500,000 per year, commensurate with the number of states, anticipated reach, and the scope and complexity of system-level coordination.

DESCRIPTION: This notice announces the opportunity to apply for funding for a new 3-year initiative entitled Strengthening Systems of Care for People Living with HIV and Opioid Use Disorder. The purpose of this initiative is to fund an estimated one (1) to four

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

(4) entities, referred to as System Coordination Providers (SCPs), who will assist states in leveraging resources at federal, state, and local levels for people living with HIV (PLWH) and opioid use disorder (OUD). Specifically, the goal of this initiative is to strengthen system-level coordination and networks of care between the Ryan White HIV/AIDS Program (RWHAP) recipients and other federal, state and local entities funded to respond to the opioid epidemic to ensure PLWH and OUD have access to behavioral health (BH) care, treatment, and recovery services.

This will be accomplished by identifying new and expanded resources to treat persons with OUD, identifying new and existing partners in the system of care, and building and strengthening networks of care between the RWHAP and entities receiving OUD focused resources. This initiative will strengthen and build upon existing systems of care and treatment that will maximize cross-sector collaboration across federal, state, and local partners in order to achieve improvements in the system-level coordination and leveraging of available resources for improving the health outcomes of PLWH and OUD.

While the intent of this initiative is to strengthen systems of care to address OUD, it is likely that increasing collaboration and integration among RWHAP recipients and entities receiving OUD funding may also enhance the system of care for other comorbid conditions for PLWH, such as hepatitis C virus (HCV) infection, sexually transmitted infections (STIs), and other BH disorders as well.

The SCP(s) awarded under this initiative will be responsible for implementing a systemwide assessment of OUD care and treatment, if none is available, and identifying the availability of resources at the federal, state, and local levels to combat the national opioid epidemic. The SCP(s) will assist RWHAP providers in leveraging the use of these resources for the care and treatment of OUD in PLWH, and should capitalize on what has already been done, if relevant. The SCP(s) will ultimately enhance the capacity of these organizations to capitalize on resources directed at addressing the opioid epidemic to improve BH treatments among PLWH and OUD.

Surveillance of Congenital Heart Defects Among Children, Adolescents, and Adults - Department of Health and Human Services, Centers for Disease Control - NCBDDD

DEADLINE: Apr 17, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$500,000 x 6

DESCRIPTION: The purpose of this program is to support the development of population-based surveillance systems and data linkages for persons with congenital heart defects (CHDs) using non-research CDC cooperative agreements. An estimated 2 million persons in the United States are living with a CHD, yet little is known about their long-term outcomes.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

High-quality data will improve the public's understanding of the epidemiology and public health significance of CHDs. Surveillance data will allow monitoring of special sub-populations with CHDs and potentially identify risk factors and prognostic factors for identifying opportunities and developing effective secondary prevention strategies directed at reducing the personal and public health impact of CHDs and improving the lives of individuals with a CHD. The planned objectives of this NOFO are: COMPONENT A: Surveillance of CHDs among individuals aged 1-45 years through linkage of existing data sources 1) Develop and implement innovative approaches for conducting surveillance of CHDs among individuals aged 1-45 years; 2) Assess age-specific mortality, healthcare utilization, comorbidities, and other outcomes over time among these individuals. COMPONENT B: Validate codes and develop processes for identifying individuals of all ages with CHDs using healthcare claims data 1) Determine sensitivity and positive predictive value of healthcare claims data for identifying individuals of all ages with CHDs; 2) Determine how validity of healthcare claims data differs by age, CHD severity, CHD type, and other individual or healthcare characteristics; 3) Using healthcare claims data, develop and test different processes to estimate prevalence and examine comorbidities and other outcomes among individuals with CHDs; 4) Inform activities on surveillance of CHDs across the lifespan that rely on understanding the validity of administrative data sources.

**SMART-2019-14905: SMART FY 19 Adam Walsh Act Implementation Grant Program
Department of Justice**

DEADLINE: Apr 18, 2019

AMOUNT: \$400,000 x 75

DESCRIPTION: The Support for Adam Walsh Act (AWA) Implementation Grant Program assists jurisdictions with developing and/or enhancing programs designed to implement the requirements of SORNA. In summary, SORNA requires: (1) all States, the District of Columbia, the principal U.S. territories, and participating federally-recognized Indian tribes to maintain a sex offender registry; and (2) sex offenders to register and maintain a current registration in each jurisdiction where the offender resides, is an employee, or is a student. SORNA also sets forth requirements for jurisdictions' to include: specified required information, the applicable frequency and duration of registration, participation in the National Sex Offender Public Website (NSOPW), and utilization of the SORNA Exchange Portal. This year's solicitation will focus on three categories: 1) maintaining and enhancing SORNA substantial implementation in states, territories and tribal jurisdictions; 2) support for SORNA activities in counties in implemented states; and 3) support for implementation and integration of the Sex Offender Registry Tool (SORT).

Linking Actions for Unmet Needs in Children's Health Grant Program

DEADLINE: Apr 19, 2019

AMOUNT: Award ceiling: \$800,000 per year; **Expected number of awards:** 15;
Estimated total program funding: \$12,347,121; **Project period:** Up to 5 years

At least 3 awards will be made to tribes/tribal organizations pending sufficient application volume from these groups.

DESCRIPTION: Linking Actions for Unmet Needs in Children's Health Grant Program (Short Title: Project LAUNCH) provides grants to promote the wellness of young children from birth to 8 years by addressing the physical, social, emotional, cognitive, and

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

behavioral aspects of their development to ensure children are thriving in safe, supportive environments, and entering school ready to learn and able to succeed.

SAMHSA expects projects to have a dual focus on infrastructure development and the delivery of services and supports that promote young child wellness and healthy social and emotional development. Applicants should infuse culturally-driven and trauma-informed mental health and wellness promotion practices and mental illness prevention practices into the settings and service systems through which young children and families can be reached. Specific expectations may be found in the application instructions.

Small Health Care Provider Quality Improvement Program - Department of Health and Human Services, Health Resources and Services Administration

DEADLINE: Apr 22, 2019

AMOUNT: \$6,400,000

DESCRIPTION: This notice announces the opportunity to apply for funding under the Small Health Care Provider Quality Improvement Program (Rural Quality Program). The purpose of the Rural Quality Program is to support planning and implementation of quality improvement activities for rural primary care providers or providers of health care services, such as a critical access hospital or a rural health clinic, serving rural residents. These activities include providing clinical health services to residents of rural areas by funding projects that coordinate, expand access, contain costs, and improve the quality of essential health care services. The program goal is to promote the development of an evidence-based quality improvement culture and to promote the delivery of cost-effective, coordinated health care services in primary care settings. Successfully funded projects will enhance the delivery of health care in rural areas and demonstrate improvements in: 1) patient health outcomes for the rural communities served and 2) the delivery and quality of essential rural health care services by the end of the three-year period of performance. Additional objectives of the program include enhanced chronic disease management and increased engagement of patients and their caregivers. In alignment with the Department of Health and Human Services' (HHS) and Health Resources and Services (HRSA) priorities and current rural health care needs, the FY 2019 Rural Quality Program additionally requests project proposals focus on rural chronic disease management and/or the integration of mental/behavioral health services into the rural primary care setting. You are also strongly encouraged to incorporate quality improvement initiatives that align with Patient-Centered Medical Home (PCMH) and Value-Based Care Delivery (VBC) approaches to care. Both PCMH and VBC apply the concepts of systematic and continuous quality improvement and will help position award recipients to provide high quality, affordable and accessible patient-centered health care services.^{1, 2} Although it is not a requirement, HRSA strongly encourages applicants to form a consortium or network for this program. As health care delivery becomes an increasingly collaborative environment, HRSA finds the formation of partnerships for community-based projects an effective way to meet rural

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

community needs, enhance organizational roles, and expand critical health care services and rural delivery systems. Further, consortia and networks can contribute great value to quality improvement initiatives through leveraging shared resources, information, and participation in incentive programs rewarding health care professionals for the provision of preventive and quality care services. Funding under this program may be used to provide start-up funds for quality improvement initiatives that allow recipients to develop the necessary capacity and ability to obtain funding from other sources. Awarded organizations are not required to, but are permitted, to use funds to obtain or maintain nationally recognized 1 Agency for Healthcare Research and Quality Patient Center Medical Home Resource Center. Defining PCMH. Accessed June 1, 2018 from: <https://pcmh.ahrq.gov/page/defining-pcmh>. 2 New England Journal of Medicine. January 1, 2017. What is Value-Based Healthcare? Accessed June, 2018 from: <https://catalyst.nejm.org/what-is-value-based-healthcare/>. HRSA-19-018 2 quality improvement accreditation such as, PCMH by the National Committee for Quality Assurance (NCQA), among others. Applicants that are health departments and/or partner with health departments are particularly encouraged to pursue such accreditation. HRSA also recognizes how the focus on value among public and private insurers may further serve strategies for post-funding project sustainability. You are encouraged to consider leveraging value-based payment and reimbursement structures for maintaining proposed projects at the conclusion of federal funding, if awarded. Please refer to this NOFO's Project Narrative Methodology section A. Goals and Objectives and C. Sustainability Approach for more information and additional guidance on this topic. HRSA recognizes rural health care organizations often provide a variety of essential health care services and, if awarded, does not restrict applicants from expanding or replicating proposed project activities as part of implementation efforts during the three-year period of performance. For additional information and guidance, please refer to the instructions included in the Project Narrative section.

OJJDP FY 19 Victims of Child Abuse Act (VOCA) Training and Technical Assistance for Child Abuse Prosecutors - Department of Justice, Office of Juvenile Justice Delinquency Prevention

DEADLINE: Apr 22, 2019

AMOUNT: \$1,500,000

DESCRIPTION: The OJJDP FY 2019 Victims of Child Abuse (VOCA) Act Training and Technical Assistance for Child Abuse Prosecutors program will fund a national training and technical assistance program for attorneys and others who are involved in the criminal prosecution of child abuse to enhance the effectiveness of the investigation and prosecution of such crimes. The successful applicant will be required to provide training and technical assistance that includes information regarding improved child interview techniques, thorough investigative methods, interagency coordination, and effective

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

presentation of evidence in court, including the use of alternative courtroom procedures. This training and technical assistance program will address a wide range of topics related to improving the investigation and prosecution of child abuse and neglect. Training and technical assistance will be provided to prosecutors who prosecute child abuse cases in juvenile and adult courts. The training and technical assistance program will address emerging topics in the field, such as serial child torture, abusive head trauma, prosecution of abusive burn cases, drowned child cases, and defending the forensic interview at trial.

Social and Economic Development Strategies Program (SEDS)

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Implementing Evidence-Based Health Promotion Programs for Children with Attention-Deficit/Hyperactivity Disorder (ADHD) or Tourette Syndrome (TS) - Department of Health and Human Services, Centers for Disease Control - NCBDDD

DEADLINE: Apr 26, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$900,000 x 2 awards

DESCRIPTION: The purpose of Implementing Evidence-Based Health Promotion Programs for Children with Attention-Deficit/Hyperactivity (ADHD) Disorder or Tourette Syndrome (TS) is to improve the health of people with ADHD or TS by developing and providing health communication and education resources to professionals and the public based on best evidence. Program strategies include 1) Providing Information, Consultation and Referral Services, 2) Developing and Disseminating Health Communication Programs and Materials, and 3) Developing and Delivering Health Education Programs. This award builds upon and expands previous efforts by incorporating current evidence on health communication and health education strategies, and on ADHD or TS to provide information, education, and consultation about assessment, diagnosis, treatment, health and well-being for children with ADHD or TS. The intended long-term outcomes are to promote optimal health and well-being of children with ADHD or TS by increasing awareness of available support services and evidence-based treatments for ADHD or TS among healthcare and educational professionals, and the public; knowledge about ADHD or TS among individuals who receive information or educational materials; knowledge about ADHD or TS among individuals who attend education programs; and intent to adopt health behaviors, evidence-based treatment, or educational strategies among individuals who attend education programs and individuals who receive educational materials.

Multiple Approaches to Support Young Breast Cancer Survivors and Metastatic Breast Cancer Patients - Department of Health and Human Services, Centers for Disease Control - NCCDPHP

DEADLINE: Apr 30, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$600,000 x 7 awards

DESCRIPTION: The proposed program's purpose is to increase the availability of supportive services for young breast cancer survivors (YBCS), young women with metastatic breast cancer (mBC), and their caregivers and families by supporting organizations and entities that serve this population. The awardees will address strategies relevant to the target audience. These include: the establishment of a network of survivors and caregivers to facilitate policy, system, and environmental change interventions that

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

increases access to lifestyle programs, clinical preventive services, and cancer care among survivors; development and implementation of innovative technological educational opportunities for health care providers on topics relevant to the delivery of appropriate treatment and care of YBCS and mBC; and utilization of patient navigation and community health worker program strategies to reach underserved populations to enhance their access to and utilization of YBCS services and programs. To this end, activities funded by this NOFO, are intended to support organizations in closing the disparity gap needed to support young breast cancer survivors. Specifically, organizations will implement strategies that aim to reduce disparities observed in survival and quality of life due to race, ethnicity, or other social determinants of health. This NOFO will also support organizations in providing support services/programs to YBCS and mBC; and provide resources for health care providers in caring for all YBCS and mBC regardless of race, ethnicity, age, or sexual orientation during the period of performance of 09/30/2019 - 09/22/2024.

Overdose Data to Action: CDC-RFA-CE19-1904

DEADLINE: May 02, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$7,100,000 X 78

DESCRIPTION: The complex and changing nature of the opioid overdose epidemic highlights the need for an interdisciplinary, comprehensive, and cohesive public health approach. States, territories, and local partners need access to complete and timely data on

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

prescribing, and on nonfatal and fatal drug overdoses to understand the scope, direction, and contours of the epidemic. They also need the tools and resources to then use data to inform and target their prevention and response efforts. This NOFO integrates work funded through three previous CDC funding opportunities: Prescription Drug Overdose Prevention for States (CDC-RFA-CE15-1501), Data Driven Prevention Initiative (CDC-RFA-CE16-1606) and Enhanced State Surveillance of Opioid-Involved Morbidity and Mortality (CDC-RFA-CE16-1608). This three-year funding opportunity will continue work focused on: increasing comprehensiveness and timeliness of surveillance data; building state and local capacity for public health programs determined to be promising based on research evidence; making Prescription Drug Monitoring Programs (PDMPs) easier to use and access; and working with health systems, insurers, and communities to improve opioid prescribing. It adds new work focused on linkages to care and other areas of innovation supported by evidence-based practice.

Research and Evaluation on White Collar Crime: Health Care and Elder Fraud, FY 2019 - Department of Justice, National Institute of Justice

DEADLINE: May 02, 2019

AMOUNT: \$2,500,000 X 3

DESCRIPTION: NIJ is seeking applications for funding research and evaluation projects that will improve our knowledge on how to identify, prevent, and reduce white collar crime in the United States. There are many types of offenses that may be classified as white-collar crime. This solicitation focuses on three types of white-collar crime: health care fraud, cyber-crime against individuals, and elder fraud. NIJ will support scientifically rigorous research and evaluation projects that will advance our understanding of white-collar crime and effective approaches for identifying, preventing, investigating and prosecuting white collar crime related to health care fraud, cyber-crime against individuals, and elder fraud and financial exploitation. This solicitation supports the U.S. Department of Justice strategic goals associated with enhancing national security and promoting the rule of law, integrity and good government.

CDC-RFA-PS19-1907 National Center for HIV-AIDS, Viral Hepatitis, STD, and TB Prevention Department of Health and Human Services Centers for Disease Control - NCHSTP

DEADLINE: May 15, 2019

AMOUNT: \$600,000

DESCRIPTION: Three curable bacterial sexually transmitted diseases (STDs): chlamydia (CT), gonorrhea (GC), and syphilis are nationally notifiable and have historically been the focus of federally funded STD prevention programs throughout the U.S. In 2017, 2.3 million cases of these STDs were reported to CDC, reflecting an increase of 35% since 2013[1]. However, these cases do not fully reflect the burden of STDs as many infections are asymptomatic and never diagnosed and reported - and this does not include other STDs that are not nationally notifiable. STDs can have long-term health consequences in addition to the immediate impact on an individual's health. STDs are also an economic burden on the U.S. healthcare system costing billions annually [2]. Persons with STDs are at risk for acquisition or transmission of HIV and represent

JUNE 2019

Special Emphasis Notice (SEN): Health Services Research Priorities for Achieving a High Value Healthcare System R01

DEADLINE: June 5, 2019

AMOUNT: The total costs (direct and indirect costs) awarded to a grant under this FOA will not exceed \$400,000 in any given year for the entire project period. An application with a budget that exceeds \$400,000 total costs in any given year will not be reviewed.

Application budgets should reflect actual needs of the proposed project, within the total costs cap.

Funds may be used only for those expenses that are directly related and necessary to the project and must be expended in compliance with applicable Uniform Administrative

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR Part 75) and the HHS Grants Policy Statement.

DESCRIPTION: The Research Demonstration and Dissemination Grant (R18) is an award made by AHRQ to an institution/organization to support a discrete, specified health services research project. The project will be performed by the named investigator and study team. The R18 research plan proposed by the applicant institution/organization must be related to the mission and priority research interests of AHRQ.

National Child Welfare Capacity Building Center for Courts – DHHS

DEADLINE: Jun 07, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$1,600,000

DESCRIPTION: The purpose of this funding opportunity announcement is to create, through cooperative agreement, a National Child Welfare Capacity Building Center for Courts (Center). The mission of the Center is to build and enhance state and tribal court capacity for continuous quality improvement in child welfare legal proceedings and to promote meaningful and ongoing collaboration between courts, state child welfare agencies, and tribes to improve child welfare outcomes. The Center will work collaboratively with other Children's Bureau supported technical assistance providers to improve child welfare systems in achieving measurable, sustainable systemic change that results in greater safety, permanency, and well-being for children, youth, and families. Special focus areas for technical assistance will include removing barriers to adoption and permanency, and strategies for preserving families. The Center will serve as the primary technical assistance provider of universal, targeted, and intensive T/TA to State and Tribal Court Improvement Programs. The project period will be a 60-month project period with five 12-month budget periods.

Collaborative Minority Health and Health Disparities Research with Tribal Epidemiology Centers (R01) - National Cancer Institute, National Institute of Environmental Health Sciences, National Institute on Alcohol Abuse and Alcoholism, National Institute on Drug Abuse, National Institute on Minority Health and Health Disparities, National Institutes of Health, Tribal Health Research Office, U.S. Department of Health and Human Services

DEADLINE: Dec 4, 2019

AMOUNT: Award ceiling: \$350,000 per year

Project period: 4 years

DESCRIPTION: This program provides funding to support collaborative research between Tribal Epidemiology Centers and extramural investigators on topics related to minority health and health disparities in American Indian/Alaska Native (AI/AN) populations.

Research projects may be observational or intervention studies (not clinical trials) and are expected to use data that have been or are currently being collected by the Tribal Epidemiology Centers. Primary data collection may be used to supplement existing data. Research study samples may consist exclusively of AI/AN populations or may include non-AI/AN populations as appropriate to address a specific research question.

A list of specific areas of research interest is provided on the program website.

Indian Health Service Loan Repayment Program

DEADLINE: Aug 15, 2019

AMOUNT: Up to \$40,000 in exchange for 2 years of service.

Service contracts may be extended for as long as there are outstanding qualified loans.

DESCRIPTION: The Indian Health Service Loan Repayment Program (LRP) offers to repay educational loans for eligible health professionals in order to meet the staffing needs of the Indian Health Service (IHS) in Indian health programs. Applicants sign contractual agreements for 2 years of service in a full-time clinical practice at an IHS facility or approved Indian health program.

Opportunities are based on staffing needs and the availability of funds. Distribution of LRP awards are based on a ranking system created to address these needs. IHS identifies hiring priorities for Indian health program facilities with the greatest staffing needs in specific health profession disciplines.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Successful applicants must begin their service obligation no later than September 30 of the fiscal year in which the LRP contract is signed.

Consult the IHS Loan Repayment guide for additional information.

Tribal Forensic Healthcare Training Opportunities

Live, online, and clinical training courses related to the identification, collection, and preservation of medical forensic evidence obtained during the treatment of victims of sexual and domestic violence.

Geographic coverage: Nationwide

Applications accepted on an ongoing basis

Sponsors: Indian Health Service, Indian Health Service Division of Behavioral Health, and International Association of Forensic Nurses

FOR YOUTH: Community Changemaker Grants - Health Policy Fellowship (NIHB)

DEADLINE: N/A

AMOUNT: Everyone whose applications are accepted will receive \$250.

DESCRIPTION: Strong. Resilient. Engaged. Indigenous people are all of the above and more. So when you see something in your community that needs to change, step up and

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD Funding Opportunities

MARCH 2019

take action. When you are ready to do this, the National Indian Health Board has got your back.

Make a difference: NIHB offers Community Changemaker Grants to assist Native youth in advocating for the health of our communities.

Community Changemaker Grants are small amounts of money (\$250) that can help supercharge a youth-led health event. They are open to American Indian and Alaska Native youth ages 14-24 years old.

Getting Started:

Brainstorm an idea with your friends

Contact NIHB with any questions

Plan a health-related event

Apply for an NIHB Community Changemaker Grant

Use funding from the grant to enhance your event

Send NIHB 1-2 paragraphs (w/ a few pictures or a short video) about your event

NIHB will use the info you send about your event to inspire others to make a difference

How to Use Community Changemaker Funding

Some will use Community Changemaker funding to buy T-shirts for a suicide prevention walk they organize. Others will use this funding to offer snacks and drinks at a round dance where participants learn about healthy foods. Some might even use the grant to cover the cost of a band to play at an event they organize on healthy relationships. Got a vision? We can help.

“Response Circles” Funding Request for the Northwest Tribes

This form is to be used when requesting funding for an activity, event, or training that is associated with domestic & sexual violence prevention. The funds may be used for: meeting expenses, materials and supplies for activities, incentives, travel, and training fees. Funds may not be used for wages, food, or promotional clothing items i.e. t-shirts. Page 2 includes opportunities that can be funded. About \$11,000 is available for these requests by the Northwest Tribes and will be available until the money runs out. **Requests can be submitted through August 15, 2019.**

Date: _____
Tribe: _____
Department: _____
Address: _____
Contact Person: _____ Phone: _____

Briefly describe the activity, event, training that the funds will be used for:

Total Amount For Request (\$1,600 max)

*Please be sure your total request includes all your needs including: indirect, travel, lodging, per diem, registration fees, internet, supplies, print materials, incentives, honoraria, stipends, trainer fees and travel, and/or facility costs.

** Funds may not be used for wages, food, or promotional clothing items i.e. t-shirts.

*Depending on the event/training chosen NPAIHB staff may ask you to provide a short evaluation, survey, or post-description of the event/training. Please fax this document to 503-228-8182, Attn: Paige, or email psmith@npaihb.org. If you have any further questions, please call Paige Smith: (503) 228-4185 ext. 306.

Domestic Violence 101 presented by

STRONGHEARTS
Native Helpline

Date: Monday, April 10, 2019

Time: 11:00am-12:30pm PST

Place: <https://zoom.us/j/3803211065> – Registration not necessary

This training is designed for Tribal communities wanting to start the conversation around the prevalence and dynamics of domestic violence in Indian Country. Resources and information will be offered for Tribes ready to break the silence, take down barriers and inform the community that it's okay to start talking.

Training Description:

- Provide an overview of domestic violence: What is it? How prevalent is it? Who are the victims?
- Provide an overview of how history and historical trauma contribute to higher incidences of domestic violence in Indian Country.
- Discuss resources and tools for American Indian/Alaska Native communities.
- The range of possible effects of domestic violence on American Indians/Alaska Natives.
- Explore options for a community response and upcoming steps for the Response Circles project.

If you have questions, please contact:

Paige Smith, THRIVE and Response Circles Project Coordinator

Phone: 503-228-4185 Ext. 306 Email: psmith@npaihb.org

Delta Dental Medicaid Tribal Liaison

Overview

The Delta Dental Medicaid Tribal Liaison will work in a consultant capacity in partnership with Washington's Tribal/Urban Indian Communities and Dental Programs, Native-led organizations, Washington's Health Care Authority (HCA) and other partners and stakeholders to design and implement the Delta Dental Medicaid plan to ensure it meets the needs of Native people and Tribal/Urban Indian Health Programs. The Delta Dental Medicaid Team is a partnership between Delta Dental of Washington, Delta Dental of California/Dentegra, and Arcora Foundation. The Tribal Liaison will be embedded in Arcora Foundation's team and will work closely with Delta Dental of Washington's and Delta Dental of California's teams.

Scope of Work

- Serve as a liaison between HCA, Tribes, Indian Health Care Providers and Native-led organizations to ensure Delta Dental Medicaid program is meeting the needs of and serving Native people
- Co-lead tribal advisory group; recruit members to participate and develop priorities and agendas; co-facilitate meetings
- Identify and articulate Tribes'/Urban Indian communities' needs and work with Delta Dental to ensure they are addressed and incorporated into the design and delivery of the Delta Dental Medicaid program
- Identify and articulate opportunities to adapt or improve the Delta Dental Medicaid program to better serve Native people
- Co-develop and implement an outreach plan and care coordination, support services, and transitions for Native people in need of assistance
- Develop and/or coordinate trainings for Arcora Foundation, Delta Dental of Washington and Delta Dental of California, and other stakeholders that are focused on Native people and the Indian Health Care System
- Serve as a liaison/resource to Delta Dental of Washington to support their engagement with Tribal/Urban Indian dental programs and providers, including their development of a provider network to serve Tribal/Urban Indian communities
- Draft and deliver annual plans and reports to HCA Tribal Affairs Office that include: outreach and care coordination activities; and Tribes/Urban Indian Communities Delta Dental has worked with and with whom Delta Dental has successfully negotiated collaborative/contractual agreements with and those Delta Dental will reach out to in the coming year.
- Provide an annual update to the Tribal Outreach Activity Coordination Plan with each Tribe/Urban Indian program that has a plan

Preferred Experience

- Deep understanding of and connection to Native people and Northwest Tribal/Urban Indian communities
- Deep understanding with and experience in the Indian Health Care System
- Understanding of the Washington State Medicaid system and Medical Managed Care system
- Appreciation of the essential role culture plays in health and well-being and how to infuse culture into Delta Dental's Medicaid program
- Ability to represent the broad needs and priorities of Tribal/Urban Indian Health Programs and communicate them to Delta Dental, and to communicate Delta Dental's priorities and needs to Tribal/Urban Indian Health Programs
- Ability to work with Delta Dental to develop and implement a Medicaid plan that meets the needs of Tribes – increases access to care, promotes optimal oral and overall health
- Demonstrated success in developing and implementing complex systems and programs
- Passion for improving health
- Experience with the health care sector
- Understanding of the dental environment and delivery system

For more information, please contact Sarah Borgida at sborgida@arcorafoundation.org or 206.528.2331.

TRIBAL RESEARCHERS' CANCER CONTROL FELLOWSHIP PROGRAM

For more information and to apply:

Visit <http://www.npaihb.org/narch-training/>

Email Ashley Thomas at athomas@npaihb.org

Topics will include (not limited to):

- Cancer control study design
- Cancer epidemiology
- Cancer screening
- Cohort studies among American Indians
- Community-based chronic disease programs
- Cultural considerations in cancer epidemiology
- Focus groups
- Grant writing
- Implementing a Native comprehensive cancer prevention and control project

To apply:

Applications are encouraged from American Indians and Alaska Natives with a demonstrated interest in cancer prevention and control. Applications will be available in January and due in March.

Accepted Fellows will:

- Attend a two-week training in June 2019
- Attend a one-week training in Fall 2019
- Receive peer and career mentorship to develop and implement cancer control projects
- Receive financial support to attend trainings and present research findings
- Be connected to a network of experts in cancer control and prevention in Indian Country

HEALTHY TRIBES

RESOURCE DIGEST

Welcome to Centers for Disease Control and Prevention's (CDC) tribal resource digest for the week of March 4, 2019. The purpose of this digest is to help you connect with the tools and resources you may need to do valuable work in your communities.

Announcements

American Indian and Alaska Native Workers Workshop 2019 - Save the Date

The National Institute for Occupational Safety and Health in partnership with the Center for Health, Work & Environment are pleased to announce the Building Bridges to Enhance the Well-Being of American Indian and Alaska Native Workers Workshop. Registration and requests for travel assistance will be open in the spring. If you have any questions, please contact Elizabeth Dalsey at edalsey@cdc.gov or at 303-236-5955. A Save-the-Date flyer is attached to this email, feel free to send out to your networks.

Public Health Ground Rounds - Preventing Suicidal Behavior

Suicide is a leading cause of death in the U.S. and suicide rates have increased more than 30 percent since 2000. Among American Indian and Alaska Native (AI and AN) communities, suicide rates are even higher than among the general population, and they are highest among youth and young adults, ages 15–34. The link will be live five minutes before the presentation. Sessions are posted 3-4 days after each presentation to the [On Demand](#) page. Read more [here](#).

Date and Time: March 19, 2019 @ 1:00pm ET

Funding Opportunities

University of Colorado CAIANDTR Request for Applications

The Center for American Indian and Alaska Native Diabetes Translation Research (CAIANDTR) at the University of Colorado is pleased to announce availability of funding for pilot and feasibility projects to support translation of diabetes-related interventions and treatments of proven efficacy into American Indian and Alaska Native (AI/AN) populations. This opportunity provides funding to support secondary analyses investigating important questions related to diabetes translation research in AI/AN populations. Read more [here](#).

Letter of Intent Due: May 17, 2019

Application Due: June 3, 2019

Tribal Researchers' Cancer Control Fellowship Program

This fellowship program offers training and mentorship to prepare AI/AN researchers to design and implement cancer-related research projects within AI/AN communities. For more information contact Ashley Thomas at athomas@npaihb.org. Read more [here](#).

Application Deadline: March 22, 2019

March 12, 2019

Dear Tribal Representative:

This is to let you know that Idaho Medicaid intends to submit a State Plan Amendment (SPA) in order to change the payment policy for facilities operated by Indian Health Service (IHS) or by Tribes. We intend to submit the SPA no later than June 7, 2019.

Under the authority of section 1902(bb)(6) of the Social Security Act, state Medicaid agencies and Federally Qualified Health Clinics (FQHCs) may agree to use an Alternative Payment Methodology to determine rates. The rates will be determined based on the encounter rate. Amounts paid by the state Medicaid program for services to tribal members requested by facility practitioners in accordance with written care coordination agreements are eligible for federal matching funds at the enhanced federal matching rate of 100 percent (100%).

The State Plan Amendment (SPA) will update the payment policy which affects federal funding for services received by Medicaid-eligible individuals who are Tribal Medicaid beneficiaries through facilities operated by Indian Health Service (IHS) or by Tribes. These changes will allow IHS/Tribal facilities to enter into written care coordination agreements with non-IHS/Tribal providers to furnish certain services for their patients who are Tribal Medicaid beneficiaries.

This change, effective July 1, 2019, is intended to help Idaho, the IHS, and Tribes to improve healthcare delivery systems for Tribal Medicaid beneficiaries by increasing access to care, strengthening continuity of care, and improving population health.

Tribal facilities that wish to bill for services furnished to their Medicaid beneficiaries outside of the “four walls” of their facility will need to have completed the change of their provider enrollment from “clinic” to a Federally Qualified Health Clinic (FQHC) through DXC at www.idmedicaid.com prior to the date of service. The final date for a facility to change its provider enrollment is January 30, 2021.

Idaho Medicaid’s development of the proposed SPA will be reviewed as part of the Policy Update at the next quarterly Tribal meeting. Idaho Medicaid is interested in receiving your comments, questions or suggestions relating to this change.

Should you have questions or comments regarding this SPA, please contact KayLee Leavitt, Senior Financial Specialist, Office of Reimbursement, Bureau of Financial Operations, Division of Medicaid at (208) 287-1175 or kaylee.leavitt@dhw.idaho.gov prior to May 11, 2019.

Sincerely,

A handwritten signature in black ink that reads "Matt Wimmer". The signature is written in a cursive, flowing style.
