WHEREAS, in accordance with the definitions of the Indian Self-Determination and Education Assistance Act at 25 USCS § 450b, a tribal organization is recognized as a governing body of any Indian tribe and includes any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities; **AND**

WHEREAS, the Northwest Tribal Epidemiology Center is a Public Health Authority, as defined in the Affordable Care Act, Indian Health Care Improvement Act Authorization of 2010, 25 USCS § 1621m(e)(1); **AND**

WHEREAS, the NPAIHB is dedicated to assisting and promoting the health needs and concerns of Indian people; **AND**

WHEREAS, the primary goal of the NPAIHB is to improve the health and quality of life of its member tribes and American Indians/Alaska Natives (AI/AN); **AND**

WHEREAS, beginning in November 2019, the novel (new) coronavirus known as SARS-CoV-2 ("COVID-19") began to spread from China to other countries and has spread worldwide, including the United States; **AND**

WHEREAS, on March 11, 2020, a novel (new) coronavirus known as SARS-CoV-2 ("COVID-19") was declared a pandemic by the World Health Organization; **AND**

WHEREAS, many of our member tribes have declared states of emergency; **AND**

WHEREAS, hundreds of thousands of individuals have tested positive for COVID-19 and it is rapidly growing around the world, the United States, and in the Northwest; **AND**

WHEREAS, numbers of diagnoses will continue to increase as testing becomes more available; **AND**

WHEREAS, without intentional community-level preparation and response many more AI/AN will be diagnosed with COVID-19; **AND**

WHEREAS, sheltering in place (means finding a safe location indoors and staying there, unless performing essential activities) or “staying home” has been shown to slow the spread of diseases and protect vulnerable people and communities; **AND**

WHEREAS, the NPAIHB has a responsibility to protect our communities and is deeply concerned for the health and wellbeing of our member tribes, tribes nationwide, AI/AN people, and all people.

THEREFORE BE IT RESOLVED that the NPAIHB will prepare for the possibility of a COVID-19 pandemic that could last up to 18 months and include multiple waves of illness; **AND**

BE IT FURTHER RESOLVED that NPAIHB supports each tribe defining essential services and that essential services be limited to those necessary for public health and safety; **AND**

BE IT FURTHER RESOLVED that NPAIHB recommends tribes immediately enact shelter in place for their communities and people and cancel all social gatherings to stop the spread of COVID-19 and that all AI/AN people shelter in place or “stay home”; **AND**
