

Native Americans have high rates of health disparities and the lowest number of applicants to medical school.
Connection? We think so.

American Indians/Alaska Natives (AIANs) face some of the most striking health inequities in the United States, living with the highest rates of heart, lung, and blood disease, AND dying younger than any other racial or ethnic group.

AIAN Learners and Faculty at OHSU

NEW DIRECTIONS

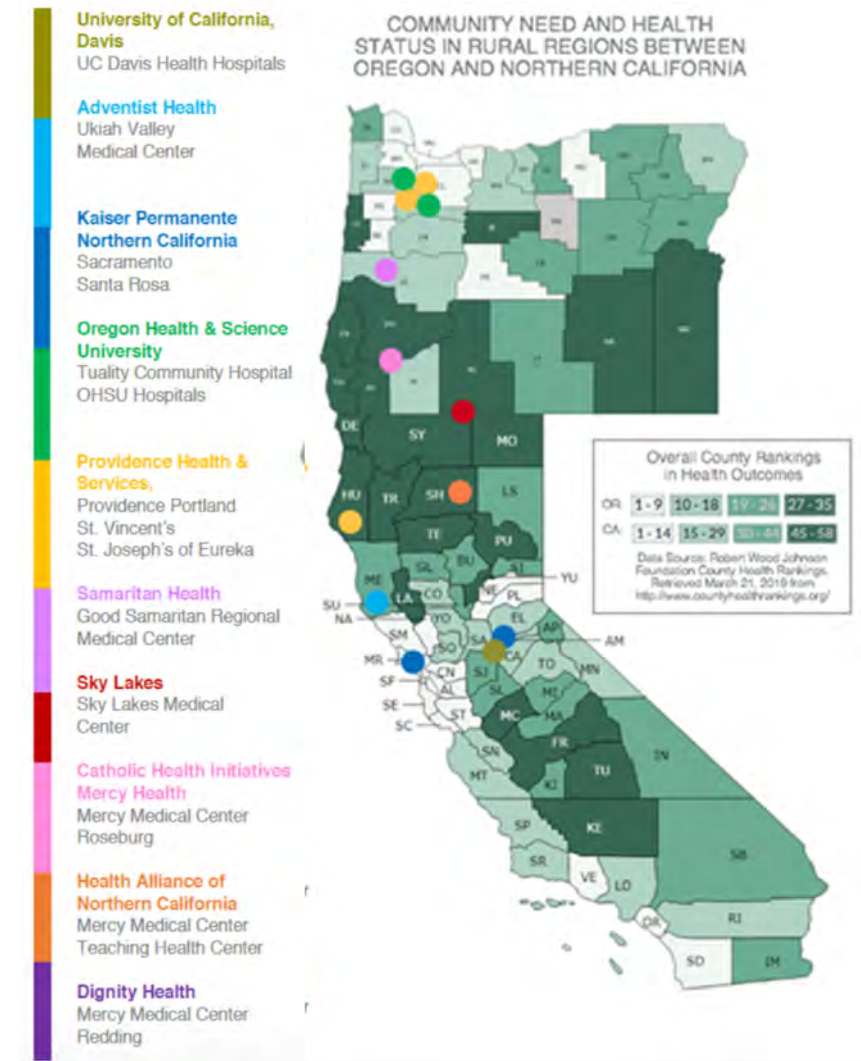

- Re-imaging Indians into MedicinE (RISE)
 - OHSU + WSU CoM + UC-Davis SoM
- **COMPADRE** Training *RURAL & TRIBAL* MDs
(Portland to Sacramento!)
- **MISSION ACT** expand residency training

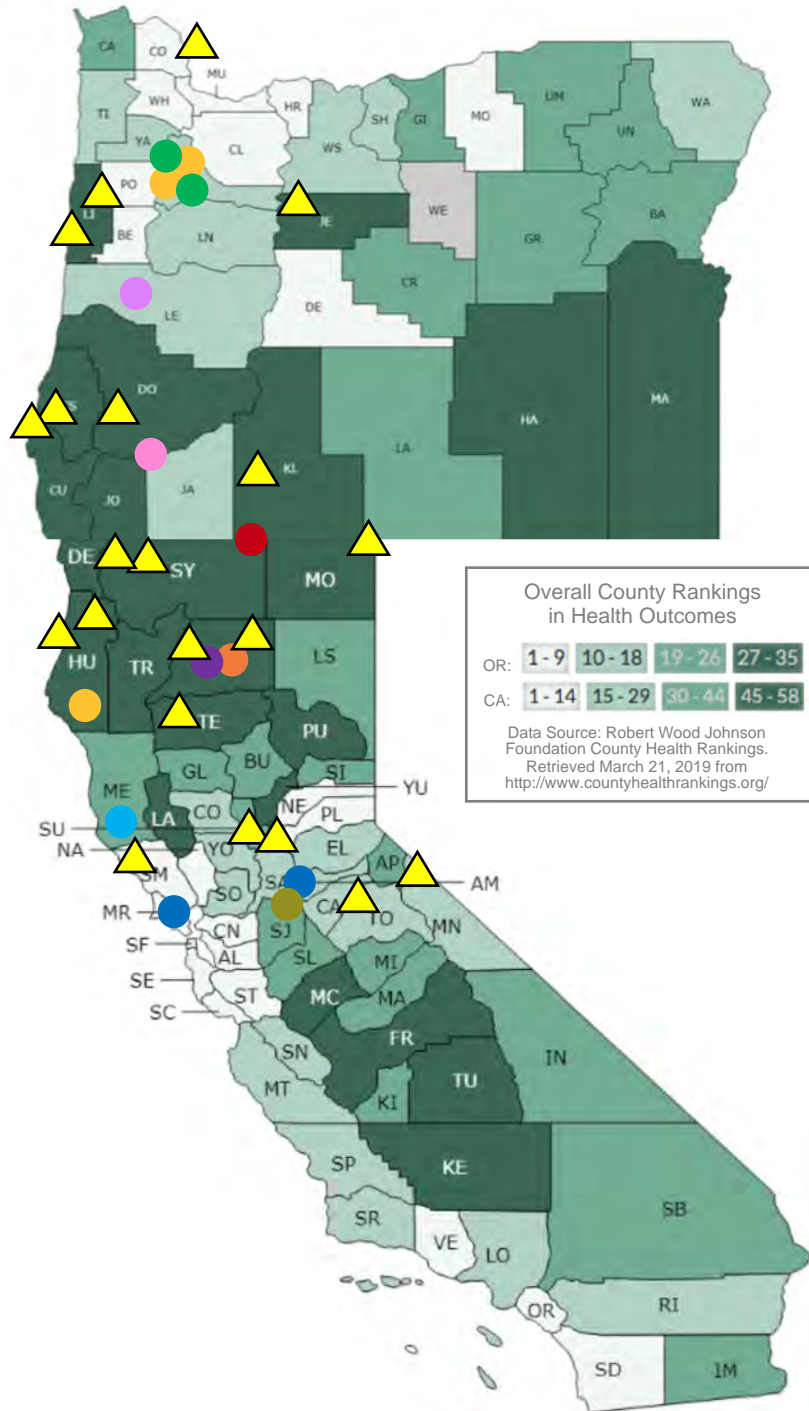

COMPADRE

A robust GME collaborative from Sacramento to Portland to reduce health disparities by transforming the physician workforce – to be better prepared, more equitably distributed and more deeply connected to underserved communities.

- 10 Health Systems
- 16 Primary Hospitals
- 10 GME Sponsors
- 31 GME Programs
 - Family Medicine (12)
 - Internal Medicine (6)
 - Psychiatry (4)
 - General Surgery (3)
 - Pediatrics (2)
 - EM (2)
 - OB/GYN (2)
