HEALTHY TRIBES

RESOURCE DIGEST

Welcome to Centers for Disease Control and Prevention's (CDC) tribal resource digest for the week of March 4, 2019. The purpose of this digest is to help you connect with the tools and resources you may need to do valuable work in your communities.

Announcements

Greetings everyone. Our CDC team has a new home in the Division of Population Health (DPH) and our program supporting the 3 cooperative agreements - Good Health and Wellness in Indian Country (GHWIC), Tribal Epi Center Public Health Infrastructure (TECPHI) and Tribal Practices for Wellness in Indian Country (TPWIC) – are now known collectively as Healthy Tribes. As we settle in, we'll be updating the Healthy Tribes website, adding content and making it more user friendly. We also look forward to introducing you to our new colleagues in DPH.

We hope you find the Tribal Digest a useful resource for you and the communities you serve. Please send announcements you would like to share with your colleagues and any suggestions for the *Digest* to Anisha Quiroz at myq6@cdc.gov.

Thanks to all of you. We feel honored to be working with – and learning from - all of you!

David

Making Connections: Meet the IMLS Native American Library Grantees

Join IMLS and FEDLINK for an opportunity to hear from recent awardees of IMLS Native American Library Services Enhancement grants and to identify ways federal libraries can build support for the nation's tribal libraries and information centers. Registrants can attend onsite or online. Institute of Museum and Library Services (IMLS) and the Federal Library and Information Network (FEDLINK). Register [here](#).

Date: March 12, 2019 @ 1:30pm ET
