Talking to Native Youth About COVID-19

Urban Indian Health Institute (UIHI) created an illustrated guide on talking to Native youth about COVID-19. There is also a supplemental fact sheet that provides in-depth information to assist caregivers in having a trauma informed and resiliency based conversation. Tribal, Urban, and rural clinics, may request these resources in print either as a poster, table pop-up poster, or free standing large banner for waiting rooms and other clinic spaces. The request may be submitted directly to UIHI via email at info@uihi.org. The print options are available on a first come, first serve basis. They may be downloaded on demand directly from the UIHI website [here](#).
